

# OAKLAND HAS NO MAIL FROM L.A. FOR DAYS

Mail has not been received in Oakland by train from Los Angeles since early Saturday, Postmaster J. J. Roseborough today announced. The strike has tied up the mails entirely on the land route. Some mail has come by steamer. The postoffice here is sending mail for southern points away from the city. The blockade then does its worst. Mail is proceeding as far south as Santa Barbara on the coast line and as far as Bakersfield on the valley line, said Roseborough. Aerial mail is planned to relieve the congestion. Postmaster Charles W. Ray of San Francisco has announced that he has concluded arrangements for service by airplanes, by mail destroyers and by army motor trucks. The trucks will operate, it is said, from Santa Barbara to Los Angeles, 135 miles, and will insure quick service. The movement for an air mail between Los Angeles and San Francisco has been on for some time and if a temporary service is established it is said it is likely to be made permanent.

ROME, Aug. 26, Havas.—An announcement is made here of the inauguration of passenger airplanes service between this city and Naples, Italy.

# STRIKE FAILS TO STOP MOVIE MAN; USES SEAPLANE

The railroad strike in Los Angeles may bring inconvenience to a traveling salesman and others, but not to a movie picture producer. At least that is what Paul Engstrom, business manager of a Los Angeles film company says. But he proves it. Here is how: Engstrom had a business engagement with Harry Levenson, manager of the Peter-on Launch company, to take some sea picture details here. He was expected to be here at 10 o'clock yesterday morning. The time was approaching and the non-appearance of Engstrom set Levenson ill at ease. He prepared a long telegram for Engstrom, addressed to Los Angeles, whereupon before he dispatched it Engstrom entered. "Where on earth did you drop from," cried Levenson. "From the sky," answered Engstrom. "I forgot all about the train strike until Sunday evening. I did not like to have a nocturnal automobile ride to San Francisco so I got a Chaplin seaplane, rented it for \$15 and left Venice at day light. We saw one of your launches near the yacht harbor, entered it and here I am in time." The navy yacht Veneta and the Oceanic liner Sonoma will be used for the picture.

# Women to Hear Welfare Worker

"The Women's Solidarity" will be discussed by Mrs. Katherine Phillips Edson, field representative of the state industrial welfare commission at the 12th meeting of the Western Women's Christian association, 1515 Webster, here.

# FOOD STORES TO BE SOLD SOON

(Continued from Page 1)

A. Thompson, zone supply officer, found to exist to the end that any corporation which the director general may find appropriate can be made effective at the earliest justifiable date in accordance with the policy of the railroad administration.

# WELWEL GIVEN TO U. S. FLEET

(Continued from Page 1)

# HINES ASKS FOR R.R. ADJUSTMENT

(Continued from Page 1)

NEW YORK, Aug. 26.—Samuel Hines was the first man down the gang plank when the George Washington docked at Hoboken about 12:30 o'clock today. A crowd gathered at the pier and cheered wildly as the labor leader came ashore. One man shouted: "Three cheers for the smartest man in America!"

# WELWEL GIVEN TO U. S. FLEET

(Continued from Page 1)

roads at Los Angeles were going to strike in sympathy with the striking employees of the Pacific Electric, which is not under government control and over which the government cannot have any control whatever under the federal control act. The railroad administration at once took this matter up with the chief executives of the four rail and engineering organizations. These executives advise that the strike of the street railroad employees was due to a misunderstanding and that most of the employees have been given work and comply with their schedule agreements with the street roads. It is, therefore, expected that the men will return to work as soon as these instructions can be placed before them by their local representatives, and meanwhile the situation is having the closest attention on the part of the central administration at Washington and is being vigorously followed up by officers of the organizations.

# Palmer Probe HAS APPROVAL OF COMMITTEE

WASHINGTON, Aug. 26.—Favorable report on Senator Calder's resolution for an investigation of the office of the alien property custodian was made by the Senate audit and control committee today. The resolution calls for an audit of the accounts of the alien property custodian and for an investigation of the acts of A. Mitchell Palmer and Francis P. Garvin.

# TELEPHONE GIRLS REPUDIATE PACT

(Continued from Page 1)

Telephone operators of Local 55A have voted to reject the compromise agreement with the company by a ratio of 13 to 1. This fact became known today following a canvass of all ballots at union headquarters in the Pacific building. Electrical Workers, No. 23, also rejected the new wage scale and working conditions at a meeting of the union, held last week. The canvass of ballots is taking place in San Francisco under direction of Robert E. Swain, international officer for this district. All of the votes had not been counted today, many unions sending in their ballots late. Miss Lillian Blewer, business agent of Local 55A, is aiding in the counting. When the final vote is complete negotiations will be reopened between union officials and the telephone company management.

# Railway Men Deny Strike Zone Spread

SAN FRANCISCO, Aug. 26.—Railroad men here today denied orders annulling the sale of tickets to all points south of Fresno and the Valley line, and San Luis Obispo and the coast line was vigorously denied by passenger traffic manager W. R. Scott at noon today. "We are selling tickets and giving service as far south as Bakersfield and Santa Barbara," Scott said, "and these orders stand, though I admit any hour may make it necessary for us to change them. The spread of the railroad strike in the south to this district is improbable."

# Manheim & Mazor

CLAY BET. 13TH & 14TH. Joseph hats featured here exclusively.

# They're Coming!

# "Dress-up" for fleet weeK

One's patriotism is stirred as the great Pacific fleet approaches our harbor. Everybody should "DRESS UP" in order to join the celebration not only in spirit but in outward appearance as well. Visit our three floors devoted to new Fall fashions—COME EARLY—be prepared to greet the fleet.

# How is the time to get your Fall Millinery

Our display of popular priced hats will be a revelation to the woman who is desirous of obtaining an inexpensive model for the first fall hat. \$10 \$15 \$25 "Joseph" hats. Featured and sold here exclusively. (Millinery Shop, Main Floor)

Buy your daughter's coat tomorrow. Mothers will be pleased to learn that they can save 10% to 20% on their child's coat. Introductory prices are made to popularize this new department. \$9.85 \$12.95 \$19.50 (Children's Coat Shop, Third Floor)

# WELCOME GIVEN TO U. S. FLEET

(Continued from Page 1)

Admiral Rodman made a speech. He responded by saying: "Failing a ship is easier than making a speech. I have brought Governor Stephens here to speak for me."

An official banquet, attended by 125 officers and a grand ball were features last night.

Among the guests here were the New Mexico, Mississippi and Texas and the cruiser Birmingham, the flagship of the fleet, which escorted her here. All will sail from here on August 31 for San Francisco.

Another group, the dreadnaughts, Wyoming and Arkansas, the destroyers, repair ship Prairie and six destroyers, went to Santa Cruz to remain until August 31, when they also will go to San Francisco. The New Mexico and Mississippi tomorrow will visit Santa Cruz to participate in a special program. They will return to Monterey Wednesday, where they will participate in the grand rendezvous Sunday.

The dreadnaughts Idaho, which sailed later than the main fleet, and New York, which took Secretary of the Navy Daniels to Honolulu, are scheduled to join the fleet here on or before August 31.

It was announced aboard the New Mexico today that because of changes Secretary Daniels has proposed for the fleet its movements north of San Francisco are uncertain as yet. It is expected that this future program will be made up in San Francisco. The reviews announced for Seattle September 12 and Tacoma September 15 will be held, according to present plans.

# 20,000 AUTOS WILL CONVOY FLEET TO COAST

SANTA CRUZ, Aug. 26.—Estimates made public by officials of the California State Automobile association here today indicate that between 15,000 and 20,000 cars will make the trip next Monday along the coast road from Santa Cruz to San Francisco, forming the great land procession, which will precede the arrival of the Pacific fleet as it plows its way toward the Golden Gate.

So great has the interest become in this unique spectacle that the United States government has detailed Captain Brody of the United States motor transport division to report here for participation in the parade, with between fifty-five and sixty convoy vehicles of various types, including motorcycles, side cars and various makes of trucks. Lieut. Krull of the United States aero forces has already been over the course, and located landing fields at Davenport and near Pescadero.

The procession will be reviewed at a point on the Sloat boulevard near the San Francisco city limits by the mayor and a party of state automobile officials and other prominent men.

So wide an interest has been created in the affair that many persons from the interior have indicated their intention of coming to take part in the parade.

No other event of this kind, as far as is known here, has ever been held in conjunction with a naval display and with the far reaching attraction of the accompanying airplanes.

# Nab Man Believed to Have Robbed Autos

Suspected of being one of the gang of men and youths which has robbed many automobiles of cloaks, suits, cases and other articles in the past few weeks, John Duddy is held in detinue in the city prison. He was arrested last night by Charles Hobbs, a citizen, on the specific charge of stealing robes from an automobile at Eleventh and Washington streets.

The police inspectors were assigned to investigate Duddy. It is the police theory that Duddy is specialized on the theft of automobile robes, as scores of these have been stolen recently. The thefts were committed while autos were standing on prominent streets in the downtown district.

The inspectors are attempting to determine if Duddy has cached any stolen goods.

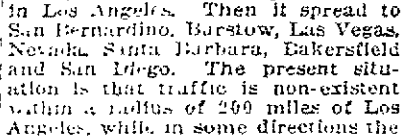

# K. of C. Delay Big Labor Day Picnic

The picnic set by the Oakland Knights of Columbus for Labor day has been postponed indefinitely, due to the change in date of the fleet's arrival. The next regular meeting will be held tomorrow evening. The first degree will be exempted and fees arrangements will be announced.

The regular monthly informal dancing party will be held Saturday evening, August 28, at the K. C. auditorium, 660 Thirteenth street.

# Chinese Gamblers Demand Jury Trials

The time-honored custom of the Chinese when arrested by the Oakland police for gambling was resorted to this morning in the police court of Judge George Samuel by 25 Chinamen, arraigned for violations of the city gambling ordinance, pleaded "not guilty" and asked for jury trials.

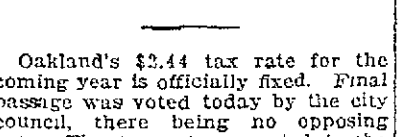

Invariably it is the custom of the Chinese to get the fullest hearing from a court of justice in the white man's land.

The trials of the 25 Chinese were held jointly in Judge Samuel's court. Sentences they are now at liberty on \$200 bail each.

This group of alleged gamblers is the largest "catch" made by the police in many months and was carefully planned and executed.

# How You Can Be Sure of "Luck" With Your Home Preserving

Many a woman declares to herself every year—"Well, if I ever try to put up fruit again—". Sometimes it is because the jelly won't "jell", or perhaps a beautiful jar of jam turns out tough or "candied". You will find all your preserving troubles a thing of the past if you will just make your preserving syrup of 1/2 Karo (Red Label) and 1/2 sugar, instead of sugar alone.

Even the beginner can put up fruit perfectly with this recipe—and the most experienced housewife will welcome the advantages of Karo in her preserving.

With this recipe, there is no danger of jams, or jellies coming out too thin. No danger of "candying". Karo is a fine, clear syrup, with a natural affinity for the juices of the fruit.

It blends the sugar with the fruit juice—brings out all the "fruity" flavor.

For Cooking, Baking and Candy Making Karo (Red Label) is used in millions of homes. In all cooking and baking recipes use Karo instead of sugar. It is sweet, of delicate flavor, and brings out the natural flavor of the food.

## MOTHERS SEE SCANTY GARB WITH DISMAY

College Maids in Diaphanous Drapes No Sight for Eyes of Jackies Coming Ashore Is Edict of Berkeley Women

BERKELEY, Aug. 26.—Peek-a-boo waists or bare legs, which?

Neither will it be for the men of the fleet who visit Berkeley next week. Such is the edict which went forth today.

Protests long and loud have risen from the ranks of the University of California Mothers' club over a proposed dance by bare-legged, scantily costumed college girls planned for the entertainment of the men of the fleet.

What difference does it make if the other girls cover themselves up with high-necked and long-sleeved gowns if a dozen or more co-eds cavort around the campus minus much of the conventional costume?

So asks Mrs. Kimball Easton, president of the University of California Mothers' club and member of the fleet reception committee, who declares that the subject of dress or lack of dress will be taken up by her club in executive session next Thursday.

"If we regulate the dresses of one group of girls why not all?" she asks apropos of the dancers. "A mere wisp of drapery hanging from the shoulders is no substitute for drapery at all. Certainly that is no sight to set before boys who are returning."

Under the classic campus oaks of Faculty Glade rehearsals were started yesterday for a series of aesthetic dances planned by co-eds as their "bit" of entertainment for the Jackies. Miss Gladys Gerrish, talented campus dancer, is leading the group of bare-footed nymphs in their steps, while others in flowing gowns, who have been frolicking on the green in preparation for the visit of the Jackies are Miss Joan London, daughter of Jack London; Miss Cecilia Iturbury; Miss Thelma Bull; Miss Norma Kilgus and Miss Stephanie Dammak.

This is the dance which has aroused the indignation of Mrs. Easton and her fellow club members.

Miss Gerrish, the leader of the dancers, scoffs at the objections of Mrs. Easton. Her dance and dancers personify art, and art alone she declares. All of her fair assistants, she cites, are students in music and drama at the University of California and as such are interpreters of the highest form of art.

DREW TO SPEAK TONIGHT.

BERKELEY, Aug. 26.—Monsignor Biekerstaffe-Drew, the author of "French Windows," "Grace Church," "Fidei Vex," "Fernando" and twenty other novels, will speak at Newman hall this evening. The author, who is senior chaplain in the British army, is known to millions of readers as John Ayncough. The lecture will be at 8 o'clock. The university public is cordially invited.

## LIVING High cost of it

FACE PROSECUTION. SEATTLE, Aug. 26.—Restaurant proprietors who recently raised the price of coffee from 5 to 10 cents a cup, face both federal and state prosecution, according to United States District Attorney Saunders. "They are violating the unlawful profits section of the Lever food control bill and the conspiracy law of the state of Washington," he said.

REFRIGERATOR CAR SHORTAGE IN NORTH.

YAKIMA, Wash., Aug. 26.—Refrigerator car shortage, apprehended by soft fruit shippers since the opening of the harvest season, became a reality last night. With 100 cars needed for peach shipments from this district, the railroad companies announced that they could not possibly furnish more than sixty. One hundred and thirty carloads of peaches and pears were sent out today. The railroads were twenty cars short of meeting demands this morning, but filled all orders this afternoon. Shippers held a meeting and sent telegrams appealing to high railroad administration officials, members of the Washington congressional delegation and others to help.

SAYS BAKERS COMBINE TO HOIST BREAD PRICE.

PORTLAND, Aug. 26.—Evidence that leading bakers of Portland have entered into combination to increase the price of bread is being investigated by the city attorney. The city attorney, according to Deputy City Attorney Hindman, will be used by the city in prosecution of the bakers in the event the agreement goes into effect.

In a report to the mayor Hindman explains that he has evidence in his possession which indicates that the leading bakers of the city have entered into an agreement to increase the price of bread from 8 to 9 cents a loaf.

DENIES AGREEMENT ON SELLING PRICE.

LINCOLN, Neb., Aug. 26.—Investigation by the state market conditions was begun before Leo Stur, secretary of the Nebraska department of agriculture.

E. T. Scott, manager of the Stacy Fruit Company, was the first witness examined. He declared that the Stacy company and the Grainger Company, which handle much of the business here in perishables, pool their purchases and divide their carload shipments. He denied there was any agreement on the selling price.

Selling prices of the two firms, he admitted, were usually about the same, but he said it was his own house that what he regarded as a superior class of goods he would not attempt to meet competition. Scott denied there was any pooling between Lincoln and Omaha jobbing houses.

Questioned by Attorney General Davis, witness said it was true his own company and Grainger Brothers had formed a company that bought out smaller rival houses over the state. Later the partnership was dissolved.

Attorney General Davis said the present hearing would not go into the question of rents or the prices of clothing and shoes.

THE GUY CARO IS BROUGHT FROM ORIENT.

VICTORIA, B. C., Aug. 26.—Ten

thousand bales of raw silk, valued at \$8,500,000, were brought here from the Orient by the Canadian Pacific liner Empress of Asia. In addition, the Asia carried 2053 cases of silk goods, bringing the total value of the silk consignment aboard to about \$10,000,000. The silk carried will go East by special train from Vancouver, B. C. Marine men said the Asia's cargo broke all records for silk handling through here.

EXTENSION COURSES TO COMBAT OLD H. C. L.

SAN FRANCISCO, Aug. 26.—Solution of the high cost of living problem is part of the University of California extension division program for the coming year. Household and domestic science, whereby money may be saved by women through efficient management and knowledge of technique in home affairs is featured by the university.

The first course in millinery opened yesterday at the Polytechnic high school, but will be given for those unable to be present then tonight at 7 o'clock. Miss N. L. Campbell, instructor in the subject at the high school, will give the lectures.

Tonight at the Emporium a dressmaking class will be organized by Miss Jessie Lee-Decker. Interior decorating and home hygiene courses are also listed. Language studies, not yet announced, will be given again. Automobile repairing for women is being taught according to Instructor Carniglia, who will give his first class at Polytechnic high school at 3 o'clock, September 4.

## RUSSIAN REDS STIR UP RACE STRIFE IN U. S.

WASHINGTON, Aug. 26.—Russian Soviet interests apparently are supplying funds for a propaganda to stir up race animosity in the United States, according to information now in the hands of the Department of Justice.

No "Flu" Epidemic Due, Peters Declares

CINCINNATI, Aug. 26.—Recurrence of influenza in epidemic form this fall is unlikely, said Health Officer William H. Peters of Cincinnati yesterday, taking issue with Dr. Lloyd S. Copeland, New York health commissioner.

The state and nation has been "pretty well immunized by the disease last fall and winter," said Dr. Peters. Epidemics of such character as a rule do not strike twice in the same place, he said.

Lions to Hear Brief Talks at Luncheon

There will be brief talks, songs and other interesting numbers on the program that has been prepared for the luncheon of Oakland Lion, International Association of Lions Clubs, at the Hotel Oakland tomorrow. All members have been requested to attend if they wish to enjoy an hour of entertainment "that's worth while." The committee in charge promises something new.

## COLLEGE FIRE LOSS LAID TO HYDRANT LACK

That the total loss resulting from the fire at St. Mary's college might be directly attributed to the failure of municipal officials in Oakland to observe the recommendations made for additional and adequate fire hydrant installation, was the statement made by Manager George H. Wilhelm of the East Bay Water company, upon the resumption of that company's hearing for increased rates in the East Bay district before President E. O. Edgerton of the state railroad commission today.

Under cross examination by Deputy City Attorney Leon Gray of Oakland, and adding his head to Fire Chief Whitehead for confirmation of this statement, Wilhelm said:

"We could have given the fire chief four times the amount of water he had needed, had he had adequate equipment in front of the college. In spite of the recommendations of myself and of Fire Chief Whitehead to place the fire hydrants not more than 300 feet apart, they were spaced at 400 feet. On a four-inch main and another 300 feet away on a six-inch main, yet no hydrants were installed on the eight-inch main, and as a result the East Bay Water company was made the goat."

BUT LITTLE USED. That the \$100,000 high pressure water system installed in the town district in Oakland, had not been used more than a half-dozen times, and then only for small fires, was the statement made by the East Bay Water company, was the conclusion of Wilhelm's cross-examination when he stated that the present hydrant equipment was inadequate for fire needs of even a moderate conflagration should visit the city. Analyzing the rate base upon which the present water rate in the East Bay district is made covering only fire protection, and excluding all lands not now in use, Wilhelm said:

"In making up the rate base we have eliminated 30,131 acres of land and included 15,177 acres. The latter includes the land used for ground water supplies, lands used for distribution purposes, such as distribution reservoirs, pumping plants and the like, and only so much of the water-supply land as is necessary for the land occupied by water and structures and a margin of 1500 acres as ground reservoirs and stream courses."

These answers were to questions propounded by Deputy City Attorney Leon Gray of Oakland, and Berkeley, who is heading the opposition of the East Bay district, which also includes Alameda, Richmond, San Leandro to the utility company's application for increased rates.

NO CHANGE MADE. The values which have been given these lands in use are the same values which the commission fixed for them," Wilhelm continued. "No addition to value has been made for coverage damage due to repartitions, nor any other restrictions which would necessarily be imposed upon purchasers buying within the water-shed."

In regard to the structural properties, by which I mean water-work structures, we have taken for this rate base the appraisal of E. W. Hawley, chief hydraulic engineer of the railroad commission. His appraisal was the lowest ever made and is much below the figures of this company. The Hawley figures were made as of January 1, 1917. Since that time there has been actual appreciation to the point in cash, exclusive of the San Pablo dam project, \$1,142,215, while there has been a depreciation upon San Pablo \$1,723,258. At the going rate of 8 per cent on the rate base this entitles the company to a net revenue of \$1,262,000, whereas the present net revenue of the company is substantially below this sum, and the increase which it asks will give a net revenue of only \$1,191,000."

Six Persons Hurt In Two Auto Smashes

Six persons are suffering from various injuries, as the result of two automobile accidents last night in Oakland. The injured, treated at the Emergency hospital, are: Fred Perry, 645 Teller avenue, injured back, broken arm; E. J. Miller, 1215 Eighty-ninth avenue, concussion of the brain, broken leg; Mrs. Viola Nelson, 5500 East Forty-fourth street, legs cut and bruised, possible concussion of the brain; Mrs. George A. Myers, 711 Prospect avenue, cut and bruised; Mrs. A. Derrle, 2443 Telegraph avenue, cut and bruised; Donald Cook, cuts and contusions.

Perry, Miller and Mrs. Nelson, riding a motorcycle with a side car attachment, and were struck by an automobile driven by Mrs. A. Strick, 238 North Main street, Los Angeles. The accident occurred at Eighty-twelfth street and Twenty-third avenue. A. M. Pearson, a passing autoist, took the victims to the hospital.

George A. Myers, a salesman of 741 Prospect avenue and his wife, were injured when their car collided with that of A. A. Gernie, 2443 Telegraph avenue, on Excelsior boulevard.

## Jingle Jolts

(By Harvey E. Westgate)

I boarded a car and pay my fare and find there are no seats to spare and straightway pull some awful groans; I grab a strap, and grab it tight, and strive to keep upon my feet, but though I strive with all my might, I'm almost thrown out in the street.

The "Con" then lets an awful roar: "Move up in front and let 'em in," although they're packed from roof to floor, the tall and short, and fat and slim; but still he makes 'em move ahead (for more get on each block or two), although the crowd is seething red, and swearing at the trolley crew.

A fat man wiggles down the aisle, and plants his hoof upon my corn, and men and women look and snarl, though I am feeling most forlorn; a damsel pokes me in the eye with feathers on her gaudy hat, and as I fret and cuss and sigh, I hardly know where I am at.

## BERLIN MAY FACE GENERAL STRIKE

BERLIN, Aug. 26.—(By the Associated Press.)—A sensational raid by Gustave Noske, secretary for military affairs, on the premises occupied by the ultra-radical executive committee of the workingmen's council of Greater Berlin, threatens to precipitate another general strike.

The struggle grew out of an attempt by Richard Mueller to force elections of "shop councils" in advance of the issue by the government of a writ for the elections.

Fearing the defeat of their radical soviet program, the ultra-radicals proceeded to make extensive arrangements for balloting in the big industrial plants, when the government stepped in and informed the workers that the elections would be invalid.

The documents seized included much material which is said to prove that the communists were planning an extensive political insurrection with the aid of the radical proletariat.

Duet Turns Into a Real Duel on Stage

ROME, Aug. 26.—(Exclusive cable by Universal Service and the London "Daily Express.")—Scenes of wild passion broke out among the audience witnessing a performance of "La Traviata" at Serio during a duet between the baritone, Giuseppe Martelli, impersonating the father, and the leading tenor.

In the midst of singing Martelli, a powerful man, suddenly seized the tenor by the neck and swung him across the footlights. The tenor landed on the head of the troupe leader, knocking the latter unconscious. In the panic that ensued a number of persons were injured. One woman died later at a hospital.

It was subsequently learned that Martelli recognized in the tenor a man who had supplanted him in the affections of a young woman at Phoenix.

## Labor Party Given Support by Liberals

LONDON, Aug. 26 (via Montreal).—The bye-election in Midnes, Lancashire, is arousing exceptional interest. Arthur Henderson, secretary of the Labor party, and for a short time

member of the cabinet in the early days of the war, is receiving the support of the local liberals. A statement attributed to Mr. Henderson that he went to Russia in 1917 with power from the war cabinet to discuss Sir George Buchanan, the British ambassador, and assume the position himself, has created a

sensation. The Daily Graphic declares that Premier Lloyd George cannot afford to leave this assertion unnoticed. Mr. Henderson is meeting with some opposition on the ground that he was a pacifist. He heatedly characterized this as untrue.

## "Hearts of Three"

The Master-Tale of Love, Adventure and Mystery

This is a story of a virile, fighting American, who finds a bride on a mysterious island, and discovers a lost race, in a wonderfully told, breathlessly interesting tale of the Central American fastnesses.

Jack London never told a greater story! And it has never been published before! WATCH FOR IT! "HEARTS OF THREE" will be published soon, in serial form, in the

## HUTS BUILT FOR ALASKA SOLDIERS

NENANA, Alaska, July 17 (By mail).—Knights of Columbus of the states are building huts and entertainment centers for the soldiers at the five United States army posts in Alaska.

T. G. Ferguson, secretary of the Knights of Columbus committee on war activities for the northwest division, and three assistants recently came north to take up the work. At Haines, a town near Fort William H. Seward in Southeastern Alaska, the knights purchased a theater for the soldiers and ordered construction of huts. Similar steps are planned for the other forts.

Recently the Knights of Columbus sent 6000 cigarettes for the soldiers in Alaska.

## SONG WRITERS, JINGLERS, IDEA MEN, ATTENTION!

Song writers, verse writers, idea men, attention. The Oakland and Berkeley Elks are in the market for ideas, songs and topical verses for use in their big musical comedy extravaganza, "Down Rainbow Lane."

Accordingly they have offered the following prizes: Ten dollars for the use of the best song submitted. In addition to this money the Elks will have the song published and placed on the market if desired. It will be rendered by a chorus of 250 voices, including the Glee and DeKoven Clubs of the University of California. The song may be a jazz number, a ballad or a waltz. Ten dollars for the best set of verses hitting off the local conditions and topics.

Ten dollars for the best idea for stunts to be used in the show. The contest is open to the public. Send contributions to H. L. Brown, producer of the show, Elks Club, Oakland.

SACRAMENTO.—Having loaded too long, and, needing gambling money, Gorham Owl, Indian, set fire to a forest so he could be a fire fighter on government pay. He confessed.

## SUPERVISORS KILL HIGHER TAX

### SAN FRANCISCO NEWS

#### "GOOD JOB," DECLARES SLAYER

SAN FRANCISCO, Aug. 25.—On the final vote on the municipal emergency tax ordinance Supervisor Eugene Schmitz last night changed his vote, and as a result the proposed 2.98 tax rate was defeated. Unanimous consent was necessary. A tax rate of 2.99 will now have to be adopted.

Schmitz alone voted against the measure, which he favored a week ago when the budget was passed to print.

At least \$500,000 will have to be eliminated from the budget as it was passed by the supervisors last May. Further efforts at present to pass the tax ordinance will not be attempted, say the supervisors.

#### TAXI RIDE FIGURES IN DIVORCE PLAIN

A three-day voyage in a taxi cab, during which the meter spun up to the \$300 mark, carried Miss Ethel Mariani into the divorce court. Helvetio Mariani, a clerk, 2737 Twenty-fourth street, to whom she was married April 29, filed suit in the superior court yesterday, charging that five days after they were married she took \$300 from his pocket at San Francisco and fled to San Francisco and back in an automobile. The evening of June 15, he said, she started out in a taxi cab and did not return until 12:30 a. m. June 18, incurring the \$300 bill.

#### SAYS HE'S GLAD HE KILLED NEIGHBOR

"Good job, well done," said Charles Henry Miller of Daly City to the police after he had shot and killed George Robert Bryan, his next door neighbor, last night.

He charged Bryan with having paid unwelcome attention to his wife.

Mrs. Miller denied his explanation of the shooting. She says that she will take care of Bryan's blind widow.

The shooting took place in front of a saloon on San Diego avenue near Vista Grande. Miller, who surrendered himself, said that Bryan attacked him with a beer bottle and that he shot in self-defense.

He added that the quarrel was over Bryan's apparent interest in Mrs. Miller, and that he considered himself justified in grounds that went beyond self-defense.

#### WAR BRIDE DEPT. HUN, SAYS SAILOR

On testimony that his "war bride" had given him a beating when he objected to her frequent visits, Ira H. Miller, until recently a lieutenant in the navy, was granted a divorce by Judge Graham yesterday from Emma L. Miller, now in Tonopah.

Miller said that he learned when he returned from a cruise with his ship that his wife had been a bright and particular star of several of the gayest of the local cafes during his absence. He protested. She is a big woman and he is small and she beat him until she was exhausted, he said.

J. W. Hanson, a friend of both

parties, testified that he met Mrs. Miller on the street a few days later and asked her what was the trouble between herself and husband and she replied:

"I only married that poor boob to get his allowances. Now I am through with him."

#### C. C. DORRIS TO BE AUTHOR OF PLAN.

A surprise is promised Bohemian Club members in the 1920 Grove Play, with the announcement that Charles Caldwell Dobie of San Francisco has been selected as its playwright.

Heretofore the Bohemian Club's annual play has been based upon "The Creation of Eve."

#### SURRENDERS GUN BUT PLANS TO SUE

Mrs. Rosalia Weir, wife of a chief baker of the British army, arrived from Berlin on the German liner Sonolita yesterday, and announced her intention to bring legal action against the steamship company because Captain J. H. Frank and his officers compelled her to surrender a revolver. Mrs. Weir is en route to London, where she will join her husband.

Every effort was made by the officers to keep the episode of the revolver from the public after the ship arrived, but Mrs. Weir had a different mind on the subject, and hastened to give her version. The incident occurred the day before arrival here. She said:

"I had the pistol in my possession because it would serve as a means of defense if necessary. On the night in question the woman who shared my room complained to Captain Frank and shortly afterward the commander humiliated me by demanding the weapon. This was done in the presence of numerous passengers, and I naturally refused to comply with his request."

"He then threatened to take it away from me, but I told him that he was really not big enough to do that. The revolver had been left in my room and was being guarded by another passenger. The officers knew this and they managed to get possession of it before my return to the room. I consider that I was not at all to be blamed in this matter and do not intend to let the matter be forgotten. It was a simple case of a woman being jealous."

Captain Frank said that he preferred not to talk about the incident, but added that he was compelled to take action because the law provides that passengers are not permitted to take firearms aboard vessels.

### Unmounted Stones

Have you a ring with a stone missing, or perhaps a brooch or bar pin with a set gone? In our large stock of unmounted stones you will find just the one you wish. Pearls, too, in all tints and sizes can be matched.

## FOUR WOUNDED IN SALOON RAID

CHICAGO, Aug. 25.—One policeman is dead, another man injured and two more are suffering serious wounds as the result of a shooting affray which began when the policeman, Morgan Donahue, attempted to walk from a South Side saloon with a bottle of beer late last night.

Hearing of raids on saloons charged with violation of the prohibition laws, habitues of the saloon opened fire on Donahue and Policeman Pat Donohue, his companion, thinking they were agents of the prohibition forces. The policemen were in plain clothes at the time.

The police are looking today for three men who threw Donahue and Anthony Kelly, the seriously wounded men, into an automobile and rushed them to the Englewood union hospital. After dumping the wounded forms in the hospital the men fled.

More than one hundred arrests of saloonkeepers are predicted by the state's attorney's office for today, the second day of the "drive."

## U. S. Troops Quit To Avoid Clash

CANDELARIA, Tex., Aug. 25.—(By Army Telephone to Presidio, Texas).—The American punitive expedition into Mexico was deterred from continuing the pursuit of Mexican bandits who held the American aviators for ransom, by the presence of Carranza troops six miles north of Coyame, Chihuahua. According to a report made by Captain Leonard Matlack of the Eighth cavalry here last night to Colonel George T. Lanshorne, commander of the Big Bend district.

American scouting parties described the proximity of a patrol of ten Mexican federals and later learned there were 150 more Carranza soldiers further on along the route than the Americans could follow. To avoid a clash the American force then began to return to the United States, according to Captain Matlack's report, which was submitted to Colonel Lanshorne during an inspection trip along the river.

MARFA, Tex., Aug. 25.—Despite official denials, rumors that Jesus Rentaria, the bandit leader, was killed during the chase of the American expedition into Mexico, still persist today. Major C. C. Smith, who commanded the detachment of the Eighth cavalry in the hunt, returning to Marfa, said that the report of Rentaria's death was given Captain Matlack by a rancher at the town of Coyame.

## Witness "Forgets," Alleged "Dip" Freed

Because the memory of the prosecuting witness, William Carlson of Berkeley, failed him on the witness stand yesterday, Arthur Liddington, alleged paragon, was freed by Judge J. J. McQuinn.

Carlson couldn't recall essential details of the theft he accused Liddington of. The alleged theft of \$4 occurred in a saloon in Oakland on June 17, and Liddington has been at liberty on bond.

## UKRAINE-POLISH ALLIANCE SOUGHT

LONDON, Aug. 26.—Despatches received here from Southern European points indicated the Ukrainians are seeking to conclude an arrangement with the Poles by which the two peoples will join forces in a campaign against the bolsheviks.

LONDON, Aug. 26.—The reported impending attempt to take Petrograd from the bolsheviks is not likely to materialize, according to the Daily Mail's Helsingfors correspondent. Such an operation, he points out, must be by land and the only available forces consist of Finns, Russians and Estonians. It is very doubtful, however, in the opinion of the correspondent, if Finland's help could be obtained.

The Estonians are unwilling to advance unless the allies formally recognize their independence and anti-bolshevik Russians are probably unable alone to take the capital before winter, notwithstanding supplies furnished by the allies.

## Great Britain Stops Work on Warships

LONDON, Aug. 26.—The government has ordered work stopped on all warships on the Clyde except those about to be launched, according to the Glasgow Daily Record. The paper understands that the same order has been issued at all shipyards in Great Britain. This will involve the discharge of many thousands of workmen.

## Saloon Man Is Fined As Reckless Driver

REDWOOD CITY, Aug. 26.—

Victor Seller, saloonman of 499 Fifth street, San Francisco, paid a fine of \$50 to Justice of the Peace Ray Griffin when he pleaded guilty to a charge of reckless driving. The charge of driving while intoxicated, originally preferred against him, was dismissed on motion of Ray Lyon, assistant district attorney.

## "THE AUCTION OF SOULS" SEEN BY THOUSANDS AT T. AND D.

Scene from "The Auction of Souls" in which AURORA MARDIGANIAN is appearing at the T. and D.

Fourteen thousand people saw Christian girls enacts the same role she played in life. Aurora Mardiganian in "The Auction of Souls" at the T. and D. theater the first day it was presented in Oakland. Yesterday 10,000 more crowded the big theater and before the picture has been seen the last time next Saturday it is expected that 60,000 will have seen the thrilling scenes in which the Armenian girl and sole survivor of 500,000

### Alkali in Shampoos Bad For Washing Hair

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is Mulsified coconut oil shampoo, for this is pure and entirely greaseless. It's very cheap and costs anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy, and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.—Advertisement.

### Embarrassing Hairs Can Be Quickly Removed

(Beauty Culture)

Hairs can be easily banished from the skin by this quick, painless method: Mix into a stiff paste some powdered delatone and water, spread on hairy surface and in 2 or 3 minutes rub off, wash the skin and it will be free from hair or blemish. Excepting in very stubborn growths, one application is sufficient. To avoid disappointment, buy the delatone in an original package.—Advertisement.

### Trusses

Trusses are sold in The Owl Drug Store on the basis of a perfect fit or money refunded. Experienced fitters for Men, Women and Children always in attendance. Private fitting rooms and special service at

# Consolidating Eight Stocks into One

OAKLAND gets all the Summer Style Apparel from all the eight Reich and Lievre stores.

By consolidating here all the remaining summer suits, coats and dresses from eight stores, we are enabled to present to you as large a stock as you were privileged of choosing from during the height of the season.

For instance, DOLMANS, they are showing them for fall, with the difference that Dolmans for fall, of no better materials or better workmanship, cost three and four times as much as we are asking for these. A small piece of fur around the neck, or perhaps on the cuffs, and you have a brand new Fall Coat.

## The SALE of Sales

### Capes

Remember in Fall Coats \$7.95 doesn't hardly pay for the buttons. It's like giving them away at this price. Early choosers will pick from the cream. Come at 9 o'clock.

**\$7.95**

### All Wool Suits

Fall Suits are crowding in and we must have room, which accounts for these joke prices. A suit is a Suit. It serves the same purpose, whether they are Summer Suits or Winter Suits. The climate of California makes little to choose between the two.

**\$15**

### Dresses

Less progressive firms would hold these over and sell them at their regular prices, which were twice and three times as much. Choose early from silk or wool frocks.

**\$15.00**

### Georgette Waists

When these are gone, believe us, there won't be anything like them for years to come.

**\$3.95**

### Tricotine Suits

The finest of the fine. Suits like these you can be proud to own. **\$25**

# Reich and Lievre

RICH AND LEE-AVER

# CLOOMY VIEW OF EUROPE IS F. VANDERLIP'S

Predicting future economic conditions in Europe infinitely worse than those of today, Frank A. Vanderlip, president of the National Bank of Commerce, New York, who is visiting in the Bay Cities, declared today that the world is in a "black" state, and that the principle of the modern world is the "principle of the black." He said that the "principle of the black" is the "principle of the black," and that the "principle of the black" is the "principle of the black."

Vanderlip calls attention to national conditions and holds that the principle of the black is the "principle of the black," and that the "principle of the black" is the "principle of the black."

"At the outbreak of the war we were just starting in on a period of depression. All this was changed by the war and we have become the reservoir of credit of the world. Yet, in spite of this, we are today in a far from satisfactory situation. There are disturbed labor conditions, the railroad situation is chaotic, high prices result in general dissatisfaction. Men are losing their faith in the efficacy of high wages and are questioning the order of society."

Before the war was the world in such a condition, not even during the Napoleonic wars. The wars waged by Napoleon did not involve so many countries and at that time Europe was an agricultural self-supporting continent with 175,000,000 inhabitants.

"The problem is extending to other lands, and unless we have a more intelligent democracy, democracy will go on the rocks."

## Berkeley Seventh in Cal. Bank Clearings

BERKELEY, Aug. 25.—That Berkeley maintains its position as the seventh commercial city of California is indicated by bank clearing statistics compiled by the Berkeley Chamber of Commerce from reports supplied by the California Development board. The figures follow: San Francisco, \$160,385,690; Los Angeles, \$140,753,000; Oakland, \$9,293,134; Sacramento, \$6,094,697; San Jose, \$5,611,167; Fresno, \$3,855,497; Berkeley, \$2,783,534; Stockton, \$2,450,215; San Diego, \$2,134,302; Long Beach, \$1,670,281; Pasadena, \$1,325,875; Bakersfield, \$911,357.

San Francisco holds the place as the overshadowing figure in Pacific coast financial affairs, and also keeps pace with the most prosperous cities of equal rank east of the Mississippi river. Sacramento comes to the front with an increase of nearly \$2,000,000 over the clearings of the previous week. Los Angeles evidences renewed activity in monetary transactions, the increase to the previous week being \$15,809,000. For the first time in two months San Jose falls behind Sacramento, but still has a big margin above the dealings of the corresponding week of 1918.

## 'Missing Family' Back In New Automobile

The "family that disappeared" has turned up, and the police search started yesterday by anxious friends, for Henry Shaw, his wife and children, has wound up in a comedy ending. It was all the fault of a new automobile.

Shaw, who had bought a new machine a few days ago, bundled in the family for a ride. The motor ran smoothly—and then just kept on going to Tuolumne, where they visited Shaw's mother. Then they came back.

In the meantime friends, alarmed at their continued absence, had reported them "missing" to the police. The Shaw family had been in Shaw's mother's home. Shaw is a fireman employed by the railroad administration.

## Forger Traces His Troubles To Drink

George Dooley, alias James Conley, was taken to San Quentin today to serve a term of from one to fourteen years for an attempt to pass a check, the endorsement of which he had forged. He was convicted by a jury before Judge E. J. Brown last week. Dooley, under the name of Conley, was convicted on a similar charge in San Francisco and served fifteen months. He said in reply to questions by Judge Brown that his trouble came upon him as the result of drink. The case was prosecuted by Deputy District Attorney Frances H. Wilson.

## Passports To Be Given After September 15

WASHINGTON, Aug. 26.—Passports will be issued to tourists going to France, Belgium, Spain, Portugal, Italy and North Africa, except Egypt, on and after September 15, the state department announced today in correcting a previous announcement which October 1 as the date. Applications, however, may be sent in before September 1.

## ALLEGED THIEF JAILED

John Duddy, who claims to be a shipworker, was arrested last night on a charge of stealing automobile, the property of Charles Hobbs of 1005 Clay street. According to the police, he threw his foot into a doorway when approached. He is booked on a petty larceny charge.

## USE POSLAM FOR ECZEMA, ITCH NO MORE

Every eczema sufferer should know just how greatly Poslam is able to benefit this stubborn trouble, how quickly it brings relief, stops itching, cools, soothes and comforts to spread Poslam over an angry affected surface is to feel that here, in reality, is just the healing influence the skin demands. Treatment is usually surprisingly short and improvement noticed every day. Poslam is harmless, use it for pimples, rashes and all eruptions of the skin. Sold everywhere. For free sample write to Emergency Laboratories, 243 West 7th St., New York City.

Urges your skin to become clearer, healthier by the daily use of Poslam Soap, medicated with Poslam—Advertisement.

# Pedestrians Cause Auto Wrecks Fourteen Points to Guide Them

Fourteen points for pedestrians have been issued by the Council of National Defense.

1. Obey traffic laws, and especially the rules of the road.

2. Do not cross a street until you have seen that it is safe to do so.

3. Do not cross a street until you have seen that it is safe to do so.

4. Do not cross a street until you have seen that it is safe to do so.

5. Do not cross a street until you have seen that it is safe to do so.

6. Do not cross a street until you have seen that it is safe to do so.

7. Do not cross a street until you have seen that it is safe to do so.

8. Do not cross a street until you have seen that it is safe to do so.

9. Do not cross a street until you have seen that it is safe to do so.

10. Do not cross a street until you have seen that it is safe to do so.

11. Do not cross a street until you have seen that it is safe to do so.

12. Do not cross a street until you have seen that it is safe to do so.

13. Do not cross a street until you have seen that it is safe to do so.

14. Do not cross a street until you have seen that it is safe to do so.

## KEEP TO THE RIGHT

Pedestrians must avoid careless walking and especially observe the following directions to insure safety and avoid unnecessary interference with one another as well as with vehicles' traffic.

1. Keep to the right on sidewalk, crosswalk, roadway and passageway in highway without sidewalk, keep to the left, so as to have clear view of approaching traffic.

2. Observe traffic before stepping from curb and keep off roadway except when crossing.

3. Cross roadway at a right angle (never diagonally) and if reasonably possible on a crosswalk.

4. Watch for traffic officer's signal and heed traffic signs and limit lines.

5. Stand on sidewalk or within

# BOOK HEARING TO BE SPEEDED UP

That long-bickering will be discouraged and that a reputation of last Tuesday's events, when City Attorney H. L. Hagan desired to offer "hypothetical" consideration and hold much argument with Judge W. H. Donahue thereat, will not be allowed, was the statement of members of the civil service board today on the eve of the second meeting given over to hearing of charges against Captain of Police Charles Bock. The members of the board say that they will insist on finishing the case tonight, as there is much other important civil service work to be accomplished. A number of witnesses remain to be heard in the case.

Hagan, who represents Commissioner P. A. Morse, buses his plea for Bock's dismissal on the ground that Bock testified that former Chief of Police J. H. Nedderman informed him of his "bribe" to the Chinese gamblers, and Bock did not report it to the commissioner over Nedderman. Bock's defense holds that it is not his business to do so; that further, Morse had informed Bock that he knew of graft and did not believe them. Morse at the time, the defense holds, was friendly to Nedderman.

## Funeral Held for William T. Knapp

Oakland friends of William T. Knapp, San Mateo lodge man and labor leader, have just learned of his death in a San Francisco hospital. He was the son-in-law of the late Thomas P. Henneberry, founder of the Phoenix foundry, First and Castro streets, and widely known in Alameda county.

Funeral services were held yesterday afternoon in San Francisco, at which Knights of Pythias and Odd Fellows were represented. A native of Santa Cruz, 34 years old, he is survived by a widow, Mrs. Helen Knapp; a daughter, Frances, and a mother and father residing in Santa Cruz. His illness was of long duration, following an injury sustained six months ago.

## Unusual Values Make Cherry Credit Doubly Interesting

CHERRY CHAT

The convenient terms upon which one may buy at Cherry's are not alone responsible for the great popularity of this store among both men and women. Its popularity is rather to be found in a combination of many good features—first of all in VALUES, and in STYLES, not to forget the spirit of friendly accommodation which seems to animate the whole institution.

Cherry's chain of stores, with their unusual facilities for buying and keeping in constant touch with the first developments in merchandising, are always a little in the lead in styles.

Cherry's, 515 Thirteenth street. The men's store is at 523 Thirteenth street.—Advertisement.

## TERRIBLE SUFFERING CURED

Oakland, May 15, 1915.

After years of most terrible suffering, from which no doctor was able to give me relief, I finally gave up hope and quit taking anything. I was suffering from a so-called incurable blood disease and my throat became so sore that I could not even swallow water without pain. Not being able to either sleep or eat I was almost wild.

In despair I went to the Fong Wan Herb Co. and drank their herb tea. I continued to drink it until my whole system was purified. When I began to recover my health four of my friends with similar troubles also took the tea and were entirely cured. I am now back at work and am strong enough to labor long hours in the Moore & Seaton shipyards.

1510 West 5th St., Oakland, Cal.

In flesh color as preferred. Beautifully trimmed with laces and insertions, and finished with elastic waist-band.

## Children's School Hosiery a Specialty

# "BETTER THAN IN THIRTY YEARS"

This Is the Way Mrs. Ivy Says She Feels Since Taking Tanlac.

"I am in better health and weigh more than for the past thirty years and give Tanlac all the credit," said Mrs. A. B. Ivy, of 5027 Foothill Boulevard, Oakland, Calif., to a Tanlac representative in Oakland, recently. Mrs. Ivy is a fashionable dresser and well known to many people in Oakland.

"I had suffered from stomach trouble for years," said Mrs. Ivy, "and about two years ago, was told I had catarrh of the stomach. I might never get well of it. I frequently had such bad attacks of indigestion that sometimes I would hardly eat anything for weeks at a time, because I dreaded the misery these attacks always caused me. At times, what I did eat just seemed to go on my stomach, form gas and I bloated up so badly I suffered a great deal, not only from pains in my stomach, but also from pains up around my heart and I was also troubled a lot with palpitation of the heart. I had been bothered with constipation for thirty years, and sometimes I suffered with headaches and dizzy spells and was so nervous at times it just seemed I could hardly bear it. I could never even speak to me. I didn't sleep well at night, either, and many a time would just be awake for hours at a time and when I got up in the morning I felt so tired I could hardly get on my feet."

"My son, who was in Denver, Colo. wrote me that he had taken Tanlac and thought it would do me good, too, so I bought a bottle and it certainly helped me almost from the first. So I kept on taking it until now I have a fine appetite and I eat just anything and everything I want and nothing seems to hurt me a particle, because I am never troubled with gas on my stomach any more. I have been entirely relieved of constipation and haven't had a headache or dizzy spell since I began taking Tanlac. I can go to bed at night now and sleep as soundly as a child for eight solid hours and get up in the morning feeling perfectly rested and refreshed and ready for my work and I have already gained ten pounds in weight. I am glad of a chance to recommend Tanlac, because, in my case, it certainly did all that was claimed for it and I feel sure it will help anyone that gives it a fair trial."

Tanlac is sold in San Francisco and Oakland by The Owl Drug Company stores—Advertisement.

**The Joy of My Baby's Health**

THAT baby of mine radiates health and happiness like a little roll of sunshine! I never knew how easy it was to take care of a perfectly well baby. Why, he takes care of himself! He just lies in his crib all day and smiles dreamily at the world, and grows like a flower, and gets sturdier, it seems to me, every minute.

It's all because of his food. We used to have so much trouble with milk. When I found I couldn't nurse him! And then my mother told me that I had been brought up on Nestlé's Milk Food when I was little—so we tried it.

It is really just pure milk, you know, only changed into powder so the tough curd is broken up and it is easier to digest. And it is more nourishing, too, because there is just the right amount of sugar and cereal. All I do is add pure water and boil a minute—and my baby is safe and well.

I know that if your baby has trouble with his food, the Nestlé Company will be glad to help you. They will send you free, as they sent me, a big Mother's Book on how to take care of your baby, and enough Nestlé's Food for twelve feedings. All you have to do is to fill out and send the coupon. Then you can be, just like me, the happiest woman in the world—because your baby is well.

Nestlé's is pure milk in powder form that is already modified and does not require the further addition of milk. Always pure and safe, always creamy, and free from the dangers of home modification. Nestlé's has won the test of three generations and has today the largest sale of any baby food in the world.

**FREE! Enough Nestlé's for 12 feedings. Send the coupon.**

Let's Food Company Inc.,

# EASTBAY SOCIETY NEWS

## Baby Hospital Makes Ready For Bazaar

When the Baby Hospital Association holds the stage for three days in October, in the Municipal Auditorium, when its annual benefit for the children will be given, society will attend in a body the annual affair. Christmas shoppers treasure these dates all through the season for the various booths presided over by the different branches may be purchased the loveliest of gifts for the holidays. This year there is to be the splendid entertainment afforded the public by Mrs. Thomas Arthur Hickard and the members of Holly branch, all of whom have exceptional talent.

Holly branch will hold its cabaret entertainment in the theater of the auditorium. A children's afternoon is also to be arranged with the little ones may pass many happy hours.

Mrs. Elwyn Stebbins has arranged several clever playlets for both afternoon and evening audiences. Every week meetings are called by the different branches and plans for the decorations discussed, articles collected for cash particular booth, the maids and matrons meeting at the home of their respective chairmen.

Arabian Nights will serve as the medium for the entertainment of hundreds, Holly branch to present effective scenes and character studies of the famous stories. Sam Hume will be Aladdin of the wonderful lamp Mrs. Jessica Davis Nahl will attend to the costuming.

**NEW HOME ON RIVERSIDE DRIVE**  
Mr. and Mrs. Challen Parker are erecting a handsome new home on Riverside Drive in New York City. The new home will contain Mrs. Louise Alexander a niece of Mrs. Parker. Mrs. Alexander will accompany Mrs. Peter Fletcher and her young daughter east.

The Tyler Henshaws have gone to Portland for a visit the trip one of both business and pleasure. Miss Dorothy Cavston will during their absence take a rest cure at Alder's little cabin, the young debutante not having completely recovered from a series of attacks of influenza.

**ANNOUNCED BIRTH OF LITTLE SON.**  
Mr. and Mrs. Arthur Selby are receiving congratulations from many friends following the interesting announcement of the arrival of a little son in their home, born Sunday morning. The baby will be christened John Henderson Selby Mrs. Selby.

## MISS MARY BLOSSOM of Portland, who is a visitor to the bay cities and who has been entertained east of the bay.—Boye, photo.

She and her little son are at San Jose where they are the recipients of many tokens of congratulations. Mrs. Selby was Mrs. Marjorie Henderson before her marriage several seasons ago.

Mrs. Frederick R. Magee and Mrs. H. Spens-Black will leave Thursday for Del Monte to attend the polo and golf matches. They will be away until the first of next week, making the trip by motor to the popular resort to be the rendezvous for a large number of the eastbay set.

**NOTHING THROUGH NAPA COUNTY**  
Miss Mary McGee and Miss Hima Chase have been visiting in Napa county and motoring to the various points of interest in that section of the state.

Mr. and Mrs. Tander Redman of Vernon Heights are entertaining as their guests Miss Shirley Childs of Santa Barbara. Mrs. Childs is an aunt of Miss Frances Redman and

## returned today to her home in the south after an enjoyable stay of several days in the bay section

After an extensive motor trip through Blasta county and making their headquarters at Castella, Mr. and Mrs. J. Cal Irving, Mrs. Frederick Hurt and Mr. and Mrs. Howard Hanna have just returned to the Irving home in Vernon Heights. Mr. and Mrs. Hanna are from Denver, Colorado, and the house guests of the Irvings until they establish their home hereabouts.

Mr. and Mrs. Harry Hoveley have gone on a pleasure trip, hunting and fishing in the Kern river country and expect to be away about a fortnight.

**ARRIVES FROM HONOLULU TODAY.**  
Among the castaways set to arrive from Honolulu today will be Mrs. Isabel Faye of Claremont who has been visiting in the Hawaiian Islands all summer.

Mrs. Faye is one of the younger college girls who is interested in the baby hospital and other charity benefits to be given this fall.

Mrs. Lathie Parley, former of Washington, D. C., and Mrs. L. A. Parley, now visiting in the southern part of the state, are the house guests of Mrs. Florence Walker, a niece of Walter Parley, father of the bride-elect. Miss Parley has been away nearly a month ago, said that conditions in the Balkans are getting better every day, the territory emerging slowly but steadily from the trials of war. With peace and order in Thence, he said, the Kavala district, together with the Macedonian and that of northern Greece have more than one-third of the world's best tobacco, according to present plans.

## GREEK PREDICTS NEW BALKAN WAR

"Until the Balkan question is solved with justice and equity, and until the people of this turbulent part of the world have an opportunity to decide for themselves under what government they want to live, Europe will be no peace in Europe."

Peter Charifalos, vice-president and general manager of the Macedonian Tobacco company, with offices in Salonika, Greece, made this statement on his arrival from Salt Lake City. He is accompanied by his son James, recently discharged from the army, and while here he intends to study conditions with a view to the establishment of a branch office.

"There are so many questions of international importance involved in the distribution of the Thracian territory," said Charifalos, "that unless its inhabitants have a voice in their own government there will be another war in the Balkans. The prime question is that of language and nationality. So far as Thrace is concerned 85 per cent of the people are Greeks speaking the Greek language and having the same aspirations as the brothers in Athens. To put these people under a Bulgarian yoke will mean a new war and a new wave of strife in the Balkans."

Charifalos, who left Greece but four months ago, said that conditions in the Balkans are getting better every day, the territory emerging slowly but steadily from the trials of war. With peace and order in Thence, he said, the Kavala district, together with the Macedonian and that of northern Greece have more than one-third of the world's best tobacco, according to present plans.

## Banker Called Toggie Would Change Name

SAN FRANCISCO, Aug. 26.—(The Associated Press.)—An official of the Anglo-California bank, petitioned Judge Von Neumann to change his name to Tilden C. Tilden on the grounds that his friends could not remember his name and insisted on calling him "Toggie."

MINNEAPOLIS, Minn.—It was a wild night for Charlie Cristo. His pop-corn wagon took fire and the fire department chased the wagon, drawn by a frightened horse, six blocks.

## ELINOR GLYN'S AMAZING NOVEL SCREENED THIS WEEK AT KINEMA

"The Career of Katherine Bush," by the author of "Three Weeks," now playing at the Kinema.

Telling of the relentless efforts of a beautiful typist whose power to attract men fostered her soaring ambition, Elinor Glyn's story, "The Career of Katherine Bush," a Paramount-Artcraft picture, is pictured this week at the Kinema.

Katherine Bush wanted to be the wife of the most powerful man in England. She had beauty and brains and she felt that it is like to be there and a cool head, and an ambition that drove her like a horsepower motor.

"She was the most dastardly and attractive creature he thought he had ever met. She was like some dark, perilous lioness. She had tasted the fruit of the tree of knowledge with her mirror, portrayed by Ethel Clayton eyes open, and the fruit that she had and Lew Cody—Advertisement.

**The Choice of Master Pianists**

The Knabe is the choice of the great pianists of today, just as it was the choice of the great pianists in the past. The modern masters, Godowsky, Ornstein, Levitzki, Rachmannoff use the Knabe because no other piano can or does fulfill their extraordinarily exacting requirements.

So, too, the wonderful art of Leginska, Saint-Saens, Humperdinck, von Bolow, d'Albert, Tchaikowsky, Hambourg, Sauer, Rubenstein, Leschetzky, Katherine Goodson and numerous other famous musicians required supreme musical qualities, therefore they, one and all, chose the Knabe.

A Knabe Grand in your home indicates that your choice has been guided by the highest artistic standards.

Knabe Grand .....\$1125

## WATER SHORTAGE MENACES

### NEWS OF THE STATE

#### WOMAN'S SKULL FOUND IN ROAD

SACRAMENTO, Aug. 26.—Farmers and fruit growers are threatened with "heavy losses in many cases" because of a serious water shortage in the state, Mayor J. M. Norboe, assistant state engineer, announced.

Major Norboe has just returned from an investigation of water conditions in Tulare and Fresno counties. He said the situation was "particularly serious in the lower San Joaquin valley," and that complaints of a scarcity of water were being received from the northern part of the state.

This condition is attributed by Major Norboe to the fact that this has been the "driest season since 1877," and to the increased demand for water for irrigating. He said Tulare county farmers had called a meeting for September 5 to discuss means of conserving water.

#### BEER BOTTLERS EXCISE POLICE

SACRAMENTO, Aug. 26.—A temporary injunction, restraining city officials from interfering with the sale, by the Tacoma Bottling Company, of beer containing two and three-quarters per cent alcohol, was issued by Judge C. O. Busick of the Superior Court.

The injunction was sought by Charles J. Colby, vice-president of the company, when its officials were threatened with arrest and the company had been authorized to sell two and

#### three-quarter per cent beer pending the issuance of a license for which application had been made

of 300 county will vote today on the proposed \$1,000,000 bond issue. The supervisors have announced a comprehensive road-building campaign to begin immediately if the bonds are carried. With Woodland, Interoceanic and Davis apparently working for the bonds, some think their carrying is a certainty.

Sutter county follows Yolo with an election on August 30. If the latter issue is carried Yolo and Sutter counties will be so linked together that much of the traffic now being directed over the east side by Sacramento will pass through Marysville, Yuba City, Knight's Landing and Woodland.

#### WATER DIVISION IS CLEFT BY COURT

SANTA ROSA, Aug. 26.—The Appellate court has affirmed the decision of Judge Sewall of this city in a bitterly contested suit against the Lake County Water company and the board of supervisors of that county.

Mastick, San Francisco lawyer, who owns a ranch in Lake county, sought to be relieved from inclusion in the water district.

The court held that his land is included in the district.

#### GREWSOME FIND MARY'S BODILY

FRESNO, Aug. 26.—Foremen engaged in highway construction near Chowchilla have unearthed a skull, said to be that of a woman, which officers believe has been lying in the sand of Ash slough, where the discovery was made, for years. The skull was found where the new road-way crosses Ash slough and it is the belief of Sheriff J. L. Barnett that the body must have been washed down the slough years ago in some food tins. Search for the rest of the bones has been futile.

#### RAILWAY HEAD HURT COMPLAINT

EUREKA, Aug. 26.—Complaint has been made here to W. J. Hunter, superintendent for the Northwestern Pacific railway, by a committee representing the lumber interests of the country, that the car shortage is seriously affecting the business of the largest mills, and that it is not immediately furnished. It is likely that many of the mills will be compelled to curtail their output materially.

#### Japanese Taste Goes Back to Classic Play

LOS ANGELES, Aug. 26.—(Rein.)—Kumama, leading actor and stage director of Tokyo, and his wife, are in Los Angeles for a two months' stay to make a study of the "Little Theater" movement, the modern drama and motion pictures. Mrs. Kumama, who will appear on the Japanese stage, uses the professional name of Mlle. Urugi Kamakawa.

The Japanese, said Mr. Kumama, "take a great interest in romance. They want a real story and they want it well presented. But lately they seem to have fallen back on their first love the Kabuki, the old Japanese classic play."

After touring the last the Kumamamas will go to Europe.

## SPOKANE AGAINST MOONEY STRIKE

SPOKANE, Wash., Aug. 26.—The Spokane Central Labor Council last night voted down the proposal of two delegates from the Seattle council for endorsement of a one-day Mooney strike, October 8.

## Crew Rebels; Ship's Engineer Discharged

NORFOLK, Va., Aug. 26.—After receiving a statement signed by every officer and member of the crew and announcing their refusal to take the ship to sea as long as the man remained aboard, United States Commissioner Pearson today ordered the discharge of E. D. Austin, second assistant engineer of the American steamship Wamuckee, whom his shipmates accused of un-Americanism.

The crew of the Wamuckee is composed of a majority of men formerly in the naval service. Austin, although a native of Louisiana, is said to be of English extraction.

## WOMAN SETTLES FOR POSIES SHE TOOK YEARS AGO

TACOMA, Wash., Aug. 26.—Conscience stricken after years over the remembrance of having taken a few plants and flowers from a public park here when she was a little girl, Mrs. W. H. Watson of Portland, Ore., in a letter just received by the park board, enclosed \$1 to help replace the things she took. The park board returned the money, with the suggestion that it be devoted to charity.

## Gets Divorce From Cafe Entertainer

SAN FRANCISCO, Aug. 26.—Lieutenant Ira H. Miller, recently discharged from the army, obtained a divorce from Emma Miller, a cafe entertainer, in Judge Graham's court on the grounds that his wife beat him until he was exhausted.

Judge Graham offered to award him so much her blow as damages, but the army officer declared he was content with a divorce.

"She admitted she married me for my allotment," Lieutenant Miller told the court.

## ODESSA FALLS TO ALLIES IN 2-DAYS FIGHT

BY ASSOCIATED PRESS  
LEASD WIRE TO TRIBUNE.  
LONDON, Aug. 26.—The war office announced this evening that on the Western front of General Denikin, the anti-Bolshevik leader in Southern Russia, the advance is continuing with great rapidity along the entire line.

LONDON, Aug. 26.—The occupation of Odessa, chief Russian port on the Black Sea, by allied forces, is admitted in a Bolshevik government wireless message from Moscow received here today. The occupation was effected, the dispatch states, after thirty vessels had bombarded the city for two days.

On the Russian northwestern frontier, according to the Soviet stationer, the Bolshevik troops are advancing in the region of Pskov, having progressed already to within three and one-half miles of that city.

VLADIVOSTOK, Friday, Aug. 23.—(By Associated Press).—General Rozanoff, the highest Russian authority in Eastern Siberia, denies recent reports that the all-Russian government, under Admiral Koltchak, had abandoned Omsk and moved to Irkutsk.

## Robbery Charge of "Drunk" Dismissed

Alleged inebriety of Harry Dye, complaining witness in the charges of petty larceny against Andrew Scott and Edward Fought, resulted in the dismissal of the two men in Police Judge Samuel's court yesterday.

Dye's testimony did not coincide with the versions given by other witnesses. Judge Samuel ruled. Dye said he had been lured to a room by Fought and Scott and a young woman and robbed. His first testimony that the robbery amounted to \$30 was changed to the statement that the theft was only \$5. He said he was under the influence of whiskey given him by the two defendants when the theft occurred.

CLOSED FOR REPAIRS.  
RIO VISTA, Aug. 23.—The Andrus Island road between Isleton and Walnut Grove is temporarily closed for repairs. The American Dredger Company's "Uncle Sam" is filling the near break in the levee in front of the McGrath ranch.

### Lift Off Corns!

Doesn't hurt! Lift touchy corns and calluses right off with fingers

Apply a few drops of "Freezone" upon that old, bothersome corn. Instantly that corn stops hurting. Then shortly you lift it right off, root and all, without pain or soreness.

Hard corns, soft corns, corns between the toes, and the hard skin calluses on bottom of foot lift right off—no humbug!

Tiny bottles of "Freezone" cost but a few cents at drug stores

## Attention Is Directed to New Styles and Fabrics Developed in Smart Autumn Apparel for "Fleet Week"

### Fascinating New Candidates for Your Fall Wardrobe

—You will marvel at the clever new frocks, suits, and wraps that are daily arriving in our Apparel Shop on the second floor. Individualized new style types distinguished by extreme grace and charm! Prominent in the displays are Miss Manhattan Suits and Coats, Betty Wales Dresses and Rosemary Frocks of Satin. Come in now and learn what is new for Fall.

### Smart New Suits

**\$49.50 to \$195**

—Of irresistible smartness are these superb new Fall suits with their considerably lengthened jackets, smart ripples, snug shoulders and new wide skirts. They reveal strikingly new treatments in ornamentation of silk embroidery, stichery and multitudes of buttons. Each model is tailored and finished with irreproachable correctness.

### New Fall Coats

**\$29.50 to \$125**

—A comprehensive collection of handsome new coats for Fall, in a wealth of smart models expressive of the verve and charm of youth. Embraced are graceful straight line and snappy belted models, exhibiting variations in collars and pockets that leave nothing to be desired. Many accentuated with large collars and cuffs of rich peltries.

### Exquisite New Frocks and Gowns

—A wonderful collection of the most distinctive creations imaginable. Evening gowns for every occasion in the forthcoming festivities awaits your inspection in our Apparel Shop.

—Then there are charming frocks for daytime wear. Beautiful garments of lovely materials in attractive new styles in a wide array of models from those of simple charm to others of unique trimming effects.

—Never have frocks been more alluringly smart, and these we show now are excellent types of elegance—surprisingly moderate in price.

## MUNSINGWEAR

### For Men and Boys

Which do you choose for Summer comfort?

Do you like form-fitting garments? In Munsingwear you can get them in fabrics so sheer that they weigh but a few ounces—in a variety of most preferred summer styles.

Or do you prefer loose-fitting undergarments? The Munsingwear line also includes loose-fitting athletic garments in various woven fabrics of attractive design—accurately sized.

Both kinds made with an assurance of satisfaction—the Munsingwear way, which means perfection of finish, correct fit, comfort, washability and long service.

### Munsingwear for Men \$2.75

This number is of fine quality, good weight cotton in the long sleeve and ankle length style. A serviceable union suit that we can furnish in all sizes for men.

### Youths' Munsingwear \$1.69

Medium weight cotton union suits for younger men from 12 to 15 years. Made in three different styles and economically priced at \$1.69 suit.

### Youths' Munsingwear \$1.39

Light weight rib union suits in white or ecru. Three different styles for your selection. Sizes for youths of 12 to 18 years.

### Outing Flannel Pajamas \$2.00

Men's outing flannel pajamas in pink or blue stripe patterns, finished with silk trim fasteners. Very good value at \$2.00 suit.

### Men's Socks 25c Pair

Good weight, serviceable cotton socks with double heel and toe. Black, gray, tan, navy and white.

## EXTREMELY INTERESTING

### Specials for One Day Only

#### 40-inch Satin \$1.89 yard

—Fine quality, lustrous satin in navy, Copenhagen, brown, amethyst, gray, Burgundy, tan and Belgian blue. A stylish, serviceable dress weave in a wide width which cuts to advantage. Special for one day only at \$1.89 a yard.

#### Sample Curtain Nets 25c

—Mill samples of beautiful curtain ends and filet nets, 1 and 1 1/2 yards long. Various qualities and styles all at one extremely low price. Just the thing for attractive yet inexpensive door panels and small window curtains. Special 25c each.

#### Fancy Check Suiting 53c yard

—About 250 yards of this attractive novelty check suiting. A wool-mixed material that will give excellent satisfaction for children's clothes. Width 36 inches. Special 53c.

#### Women's Black Stockings 19c

—Medium weight cotton stockings with double sole, heel and toe; also some in hile. Some are slightly imperfect, but scarcely enough to be noticeable. Sizes 8 1/2 and 9 only. Specially priced at 19c pair.

#### Women's Vests 19c

—Women's cotton Swiss rib vests in the low neck, sleeveless style. Sizes 36 and 38. Extra good value. Specially priced for one day only at 19c each.

## FASHIONS NEWEST MILLINERY STYLES

—daily arrivals add a new note of interest to our splendid displays.

As each group of hats arrive, new shapes richly trimmed, reveal the many pleasant surprises Fashion has provided for admirers of stylish millinery. There seems to be no limit to the styles created—a particularly becoming model for every type of face or trend of beauty.

Worthy of special mention are the new hats of beaver, or lustrous velvet with beaver facings, or still others of velvet and panne combinations. They are in black, brown or taupe trimmed with soft shaded French head tips burnt ostrich fancies, motifs or chenille stitching effects.

From the wide assortment presented every woman can choose with ease the style which best expresses her own personality.

### The Prices Range from \$4.95 to \$30.00

[Number Thirty of a Series.]

## Oakland's Typhoid Death Rate

ONE sure indication of the thoroughness or indifference of water supply to a community is found in the report on typhoid in that community.

During all of 1918 there were 72 typhoid cases in Oakland, but 26 of these cases came from outside sources—leaving only 46 local cases in the entire 12 months.

Ten deaths resulted from these 72 cases. Oakland's population, estimated conservatively, is 250,000. This makes Oakland's death rate per 1,000 from typhoid for 1918—one twenty-fifth of one per cent.

Often statistics are not readily understood. Try this experiment; how many cases of typhoid did you know of in the East Bay cities last year? You will be surprised to realize that you remember none, or perhaps a single case.

During 1918 the daily average consumption of water supplied by this company was eighteen million, four hundred fourteen thousand, seven hundred gallons. Consumption for the year 1918 was six billion gallons. The typhoid record of the East Bay Cities was one of the best in the Nation.

# WANT U.S. TO RUN CARS FOR PACKERS' USE

By Associated Press  
LEWIS, Mo., Aug. 25.—The United States government is being urged to take over the operation of the big packers' cars for the purpose of running them on a non-profit basis. The packers' cars are now run by the packers themselves, and the government is being urged to take over the operation of the cars for the purpose of running them on a non-profit basis. The packers' cars are now run by the packers themselves, and the government is being urged to take over the operation of the cars for the purpose of running them on a non-profit basis.

The present country-wide system of distribution by the five big packers has grown up from their control of refrigerator car lines in conjunction with various pools. The report says in part: "In turn the volume of traffic of the five packers has enabled them to secure advantages over competing shippers. Formerly in the shape of direct rebates, the advantages are now usually in expedited service to the big packers' cars; in favorable mixing rules which include all their diversified products and even many articles not related to the packing industry; by allowances paid to some of the big packers by carriers for a part of the transportation service; by favorable arrangements and leases of stockyards by the railroads to some of the big packers and by the sale to the railroads of lumping posts manufactured by a subsidiary of one of the big five."

The small independent packers' cars are misused and diverted, frequently being out of service for extended periods, in several instances as long as six months. In 1917 the cars of the Big Five and their subsidiary companies maintained an average of 80.5 miles per car per day, while the average for cars of their competitors, the independent packing companies, was only 53.2 miles.

The commission's investigation of the private car ownership has developed the fact that while packers claim losses the report says a proper revision of their car accounts "shows that the packers have made a profit. This amounted to 6.8 per cent in 1912, 3.4 per cent in 1914 and 4.3 in 1915."

The prompt and efficient handling of the traffic in meat and other perishable foods is of great public concern, the report says in making the recommendations, "and it is also important that all shippers should have equal and adequate service. The recommendations are made to correct inequalities of service and rates as well as to prevent the dangers of monopolistic advantages."

# BANGS TELLS OF SPIRIT OF FRENCH

BERKELEY, Aug. 25.—To have carried home the German soldier's realization of the horrors of war, the peace treaty should have been signed in Berlin, according to Kendrick Bangs, well known humorist and lecturer.

Bangs spoke yesterday at the University of California, addressing several thousand students. "If the American doughboy had been permitted to fight his own way the Germans would have realized the enormity of their offense," declared the writer.

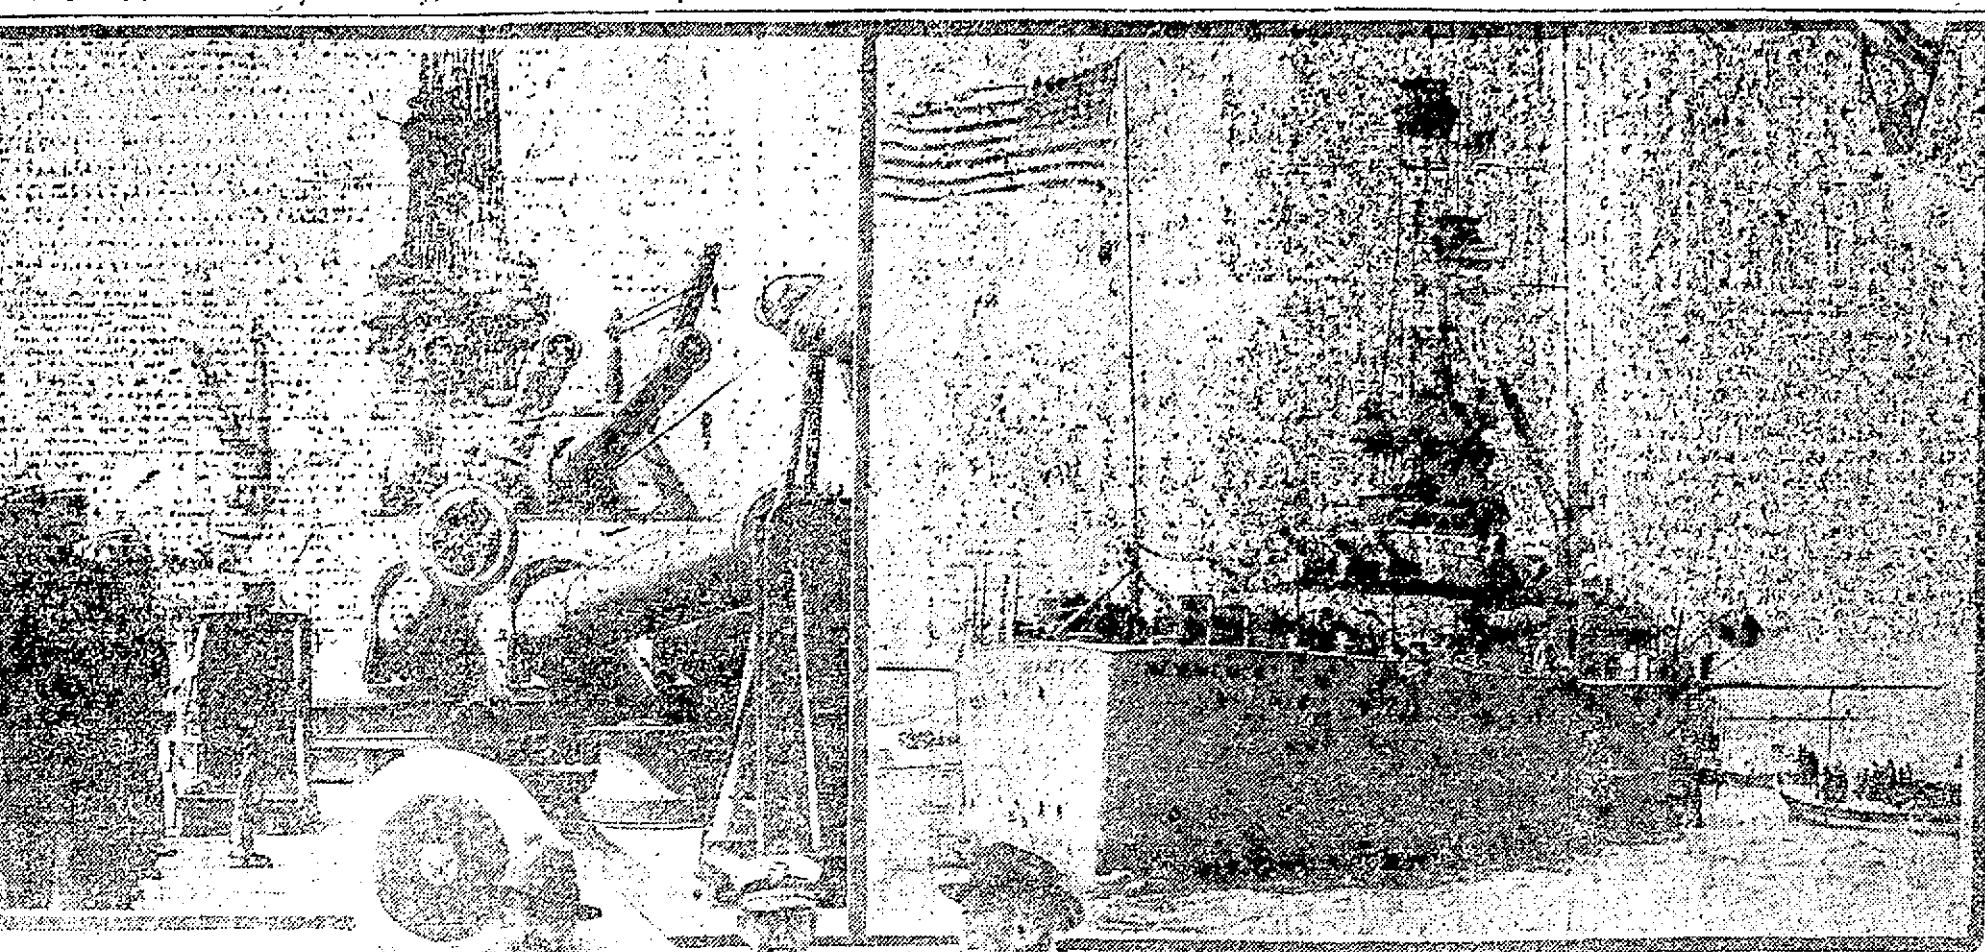

A plea for the stricken people of France was made by Bangs, who has been working for the past two years as a member of the American committee for the rehabilitation of France. In spirit of the sacrifices which they suffered, the spirit of the French people remains unbroken, he said.

The old people and the little people of France are beginning their lives again," he said, "but they cannot do this unless in the hearts of the American people is born the resolution to stand by an ally until the light of hope shall have dawned once more upon this stricken people."

France's battle line, Bangs declared, equalled a distance of from Portland to Baltimore with an average depth of 75 miles.

Professor Charles Mills Gayley presided at yesterday's meeting.

When Monterey and Santa Cruz greeted the Pacific fleet. The flagship New Mexico is pictured, with its battery of aft guns. Left to right in group are MAYOR T. J. DOUGHERTY of Monterey, ADMIRAL RODMAN and MAYOR EDWARD BERWICK of Pacific Grove.

# U.C. CROWDING RENEWS NEED OF DORMITORY

BERKELEY, Aug. 26.—With today's students sleeping in basements and attics because of lack of other accommodations in Berkeley, a new movement for the erection of dormitories on the University of California campus was launched today.

Expenditures of a portion of the \$1,500,000 gift to the university from Edward M. Searles, eastern millionaire, is urged for the erection of buildings which will house the rapidly increasing student body.

George Tenney, editor of the Daily Californian, the student paper, sounded the keynote of the dormitory campaign this morning in an editorial calling upon the university to take steps to see that students are at least made comfortable during their enforced residence in Berkeley.

Present treatment of the more than 3,000 students at present enrolled on the campus is declared "unfair" by Tenney, who declares that every large university in the United States, with the exception of California, has a dormitory system for its students by providing dormitories.

Expenditure of a portion of the Searles gift is urged by Tenney for erecting buildings on the campus for the housing of students.

Launching of the dormitory campaign by the college paper is expected to be followed by agitation in other quarters. Homer Havens, alumni secretary of the university, and Miss Lucy Sprague, dean of women, both advocates of the dormitory plan, will probably be leaders in the movement.

Tenney's editorial this morning, which has been sent to college heads, follows:

"A short time ago the University received a gift of approximately \$1,500,000 to be used as the Regents saw fit. A possible use for some of the money has been suggested. 'Housing conditions in the city of Berkeley for both men and women students are deplorable this year as a result of the increased enrollment of the university. Students have been taking whatever came along—have been going to San Francisco and Oakland in order that they might find lodgings. What few accommodations the people of Berkeley have been able to offer are being held for exorbitant prices. This is unfair. In an institution of higher learning such as the University of California, provision should be made for housing the students who attend. Fraternity and sorority houses offer a limited means; but what is needed are dormitories. Nearly every large university in America has them."

# FATHER TO SEARCH FLEET TO FIND SON

When the "goats" pour into Oakland next week on the Irish tide, there is one who will strain aged eyes with an interest far transcending that of other citizens with "lads of their own in the fleet."

For M. Guth, of 2540 Fruitvale avenue, a veteran of the American Civil War, is not certain that his boy is in the fleet, or in the navy at all. He only thinks so—and hopes.

It has been six years, Guth said, since his son, Charles, then a few days under 19 years old, disappeared while the father was on a visit to his farm in Oregon. He has not seen or heard from the boy directly since.

Friends told him, however, that his son joined the navy just about the time this country declared war with Germany. It is on this information that the father is based.

The father was only 16, he said, when he joined the Northern army in the War of the Rebellion, and he fought and campaigned for three years. Since then he has been a rancher until he retired a few years ago.

He said that the boy had dropped his name of "Guth" and taken the English equivalent, "Good."

The father was only 16, he said, when he joined the Northern army in the War of the Rebellion, and he fought and campaigned for three years. Since then he has been a rancher until he retired a few years ago.

He said that the boy had dropped his name of "Guth" and taken the English equivalent, "Good."

# SIXTH ENGINEERS ARRIVE IN N. Y.

NEW YORK, Aug. 26.—The famous Sixth engineers, who built bridges over practically every waterway the allied armies were compelled to cross in following the German retreat, arrived today on the transport Manchuria.

This noted unit of 2,400 men had little or no rest from early in April, 1918, until the armistice was signed. The regiment suffered nearly 1,000 casualties before it marched into Germany last October.

Friends told him, however, that his son joined the navy just about the time this country declared war with Germany. It is on this information that the father is based.

The father was only 16, he said, when he joined the Northern army in the War of the Rebellion, and he fought and campaigned for three years. Since then he has been a rancher until he retired a few years ago.

# Wage Fight Over Million Salvaged in Wreck in Alaska

Six hundred persons died when the steamer Princess Sophia went down in Alaskan waters last October. The jewels and money amounting to \$1,000,000 in the great chest were saved. Captain and crew and passengers finished their fight, but the fight over the treasures has just begun.

United States Marshal E. R. Tobey of Alaska has seized the salvaged fortune which was said to have been the property of the passengers who met their end on the fateful trip.

It was held by Robert A. Tripple as trustee. The Deep Sea Salvage Company is seeking payment for work on a contract alleged to have been made with Tripple. The seizure was made on application of this company. The million dollar suit promises to revive a tragic chapter in the history of the sea.

Friends told him, however, that his son joined the navy just about the time this country declared war with Germany. It is on this information that the father is based.

The father was only 16, he said, when he joined the Northern army in the War of the Rebellion, and he fought and campaigned for three years. Since then he has been a rancher until he retired a few years ago.

# 10,000 ENROLL IN BERKELEY SCHOOLS

BERKELEY, Aug. 26.—Approximately 10,000 pupils are enrolled today in regular and night school classes in Berkeley.

Figures compiled this morning by Superintendent of Schools H. R. Wilson show a record enrollment for the college city with every school in Berkeley filled with pupils.

In Berkeley's day classes approximately 3,215 pupils are enrolled while more than 1,000 have registered thus far for night work inaugurated this year at the high school and also being conducted at the Burbank school in West Berkeley. That the 10,000 mark will be reached before the end of the week is declared certain by school heads.

Enrollment yesterday afternoon showed the following figures: Elementary grades, 4,915; intermediate grades, 2,042; kindergarten, 462; high school, 600.

The elementary registration is an increase over 805 last year and the intermediate over 1,806, with the kindergarten classes showing a slight decrease against 492 last year.

All three classes of enrollment are expected to show marked increases within the next few days. No exact figures of enrollment are obtainable as yet at the high school, where 864 pupils studied last year.

Constricted conditions at the Thousand Oaks school have been relieved by the installation of kindergarten classes in a garage building recently acquired by the school authorities.

Thirty-nine pupils enrolled yesterday in the new grammar school, Regal road and Euclid avenue.

# RENEW EFFORT TO GET POSTOFFICE

Renewed efforts to secure a new central postoffice building for Oakland, which is expected to cost approximately \$2,000,000, are being made by Postmaster Joseph J. Rosborough, who has been in close touch with Congressman J. Arthur Eliason concerning the matter.

The postmaster says that while Congressman Eliason has advised him that the army and navy bill will include the present plan of Oakland's claims immediately, the matter will probably "come up" at the December session of Congress at which time the congressman from this district promises every assistance in getting the necessary appropriation.

The lower house of Congress had passed the appropriation funds for a post office in this city just before the war, and when this country entered the conflict the matter was held in abeyance.

Growth of the postal business in this city necessitates a larger post office building and Rosborough expresses the belief that a \$2,000,000 structure centrally located would be about in keeping with the rapid increase in the population of Oakland and the constantly increasing demands on local postal facilities.

# FIVE DEATHS ARE CAUSED BY PTOMAIN

ALLIANCE, Ohio, Aug. 26.—Ptoomaine poisoning, it was believed, caused five deaths here today. Colonel C. G. Weybrecht, war veteran, his wife, two family friends and a waiter, it was believed, died of the disease after eating ptomaine-laden food at a private dinner party last Friday were the cause.

The cause of the poisoning, the dinner, was also stricken and is believed to be dying.

Colonel Weybrecht commanded the 14th Infantry of the 3rd division in the Argonne drive. He was formerly adjutant-general of Ohio.

BASKET OF FERNS STOLEN. BERKELEY, Aug. 26.—A basket of ferns valued at \$6 was stolen from the veranda of the home of Mrs. E. Wisewell, 6410 Benvenue avenue, last week. The theft was made early in the morning. The identity of the burglar whose desires led to growing things has not been discovered.

**What service can a Trust Department offer?**  
By adding a TRUST DEPARTMENT to an affiliated National and Savings Bank such an institution is made a veritable "department store" of finance.  
Under one roof, one management, may be had the services of National—Commercial—and Savings Banks with the added services of the TRUST DEPARTMENT.  
These later divide themselves into two distinct features: Service to individuals, including executor under will, administrator, trustee under will or agreement, committee—for care of incompetents, guardian, depository of escrows, custodian of will, custodian of securities and custodian of other property.  
Service to other agencies include trustee for bond holders, agent for re-organizations, trustee under agreement, trustee under voting agreement, transfer agent and registrar of securities.  
This comprehensive Trust service is made at a fixed minimum fee. The Department is under the supervision of both the State and the Nation.  
**The TRUST DEPARTMENT of the CENTRAL NATIONAL BANK**  
Affiliated with the Central Savings Bank  
Combined Assets over \$39,000,000.00

# WATER FRONT PROJECTS TO BE DISCUSSED

BERKELEY, Aug. 26.—Proposed improvements of Berkeley's waterfront will be considered by members of the Berkeley Center of the California Civic League at a meeting held for Thursday afternoon in the hall. Speakers will be Mrs. J. H. Hinchman, president of the center, and Mr. J. D. Rogers, secretary. The meeting will be held at 7:30 p. m. and will be held in the hall of the center, 1100 Broadway. The center is a non-profit organization for the improvement of the waterfront. It has been organized for the purpose of securing the waterfront for the use of the people and for the improvement of the waterfront. The center has been organized for the purpose of securing the waterfront for the use of the people and for the improvement of the waterfront. The center has been organized for the purpose of securing the waterfront for the use of the people and for the improvement of the waterfront.

## U. of C. Unit Holds First Reunion Two Killed, Seven Wounded in War

BERKELEY, Aug. 26.—With two of its members killed in action, seven wounded and seven decorated for exceptional bravery with the Croix de Guerre, the University of California unit of the American Expeditionary Force held its first reunion at the home of Professor Charles Mills Gayley, honorary president of the unit, at 2225 Woodmont avenue. This unit of forty-two men was the first military contribution to the war from the state university. All of the members were decorated with the medal which the French presented to the American field service units since November, 1917, last evening. The unit was organized at the home of Professor Charles Mills Gayley, honorary president of the unit, at 2225 Woodmont avenue. This unit of forty-two men was the first military contribution to the war from the state university. All of the members were decorated with the medal which the French presented to the American field service units since November, 1917, last evening.

## Alameda Police Ask Council for Raise

ALAMEDA, Aug. 26.—The Alameda police department members filed with City Manager C. E. Hayes yesterday a request for an increase of pay. The department now draws \$110 a month the first year and \$115, \$120 and \$125 for the following three years. Sergeants draw \$130 and detectives \$150. Oakland and Richmond are paying patrolmen \$155 at present. Regulations require each officer to have two uniforms, a blue and a khaki. An officer's outfit now costs \$55, against the old price of \$45. The request for a raise may be considered tonight at the council committee meeting of the whole, when the city manager's budget will be taken up in part.

## School Roll Shows Gain at Alameda

ALAMEDA, Aug. 26.—The first day's enrollment in the Alameda schools showed an increase of 308 pupils over the opening day of last term. The total enrollment was 4208 against 3825 for the first day of last term. The registration by schools was: Lincoln, 607; Everett, 119; Porter, 653; Haight, 561; Macdonald, 374; Longfellow, 406; Washington, 470; high school, 622.

## CITY BUDGET UP

ALAMEDA, Aug. 26.—The city council will meet as a committee of the whole tonight to consider the new budget, the leasing of municipal buildings and other matters.

## THINK DESERTED GIRL TALE JOKE

ALAMEDA, Aug. 26.—Two women, a service man now in Philadelphia who is accused of leaving a Philadelphia girl, and an Alameda girl, who is accused of leaving a service man, are the subjects of a joke. The joke is that the girl is accused of leaving the service man, and the service man is accused of leaving the girl. The joke is that the girl is accused of leaving the service man, and the service man is accused of leaving the girl.

ALAMEDA, Aug. 26.—A woman, who is accused of leaving a service man, is the subject of a joke. The joke is that the woman is accused of leaving the service man, and the service man is accused of leaving the woman. The joke is that the woman is accused of leaving the service man, and the service man is accused of leaving the woman.

## U. C. Will Suspend Classes on Fete Day

BERKELEY, Aug. 26.—Suspension of classes after 12 o'clock noon on Wednesday, September 3, Berkeley's fete day, is in order. The suspension of classes is in order because of the fete day.

## Miss Lutz to Give Five Public Readings

BERKELEY, Aug. 26.—A series of five public readings on Wednesday evenings at 8 o'clock in the auditorium of Wheeler hall, by Miss Florence Lutz, lecturer in voice culture, is announced by the department of public speaking of the University of California. The readings are: "Green Stockings," a comedy by A. E. W. Mason, will be read September 10, followed on September 17 by "The Admirable Crichton," a comedy by J. M. Barrie, "Washington, the Man Who Made Us," a comedy play with Americanization for its theme, by Percy Mackaye, is scheduled for September 24. Arnold Bennett's comedy, "The Great Adventure," will be read October 1. The list of the public readings will be "The Admirable Crichton," a comedy by Edward Sheldon.

## Clubmen to Hear of French Vaudeville

Putting on Scotch dances to the music of the California Industries' accompaniment of whistling enemy shells is only a part of a ## PHILIPPINE INDEPENDENCE.

With the many questions pending before Congress there appears to be little likelihood of action on the numerous bills calling for the independence of the Philippines. A few months ago there was much heralding of the coming of a Philippine commission to Washington sent by the Senate and House of Representatives of the islands. In due time the commission arrived, press agents saw that ample publicity was given its movements, and before a joint session of the insular affairs committee of the Senate and House the delegates presented their case. To date no action has been taken and there is no prospect of a bill being reported.

The truth is that there is little sentiment in America in favor of Philippine independence at this time. Governor-General Harrison told the congressional committees that the islands were capable of self government, but his testimony apparently made but slight impression. Others who are familiar with the situation do not hesitate to declare that it is only the protecting hand of the United States, respected and feared by the Filipinos, that keeps peace in the islands; that the moment that our protection is lifted, nothing can prevent insurrection and a relapse of a considerable number of the population into semi-barbarism.

The Republicans are now a majority in Congress, and the Republican party has consistently maintained that our duty in the Philippines is not yet accomplished. The platform of 1916 declared: "We renew our allegiance to the Philippine policy inaugurated by McKinley, approved by Congress, and consistently carried out by Roosevelt and Taft. Even in this short time it has enormously improved the material and social conditions of the islands, given the Philippine people a constantly increasing participation in their government and, if persisted in, will bring still greater benefits in the future. We accepted the responsibility of the islands as a duty to civilization and the Filipino people. To leave our task half done would be to break our pledges, injure our prestige among nations, and imperil what already has been accomplished. We condemn the Democratic administration for its attempt to abandon the Philippines, which was prevented only by the vigorous opposition of Republican members of Congress, aided by a few patriotic Democrats."

The Democratic party favored independence for the islands until it came into power, and then its enthusiasm suddenly waned. Congress hesitates at this time, and wisely, to add to the many problems now facing America by experimenting with Philippine independence. The Pacific presents more serious questions at this particular moment. Action can well be postponed until a more propitious time. No serious harm can result from delay.

## STREET RAILWAY PROBLEMS.

The recent hearings in Washington before the Federal Electric Railways Commission brought to light some rather interesting facts concerning the street railway situation throughout the United States. It was conceded for one thing that the day of the 5-cent street car fare was soon to pass. Traction officials declared that war conditions had brought about an increase in many localities of 100 percent in labor costs and similar advances in other directions. Mr. James W. Welsh, a statistician for the American Electric Railway Association, presented tabulated figures showing that on May 31, 1919, a total of sixty-two companies with 5912 miles of single track were in the hands of receivers; that 763 miles of track belonging to sixty companies had been dismantled and junked, and that 257 miles of single track belonging to thirty-eight companies had been abandoned.

done. The total of bankrupt or abandoned property, nearly 7000 miles, represents, according to Mr. Welsh, almost 16 percent of the electric railway mileage of the country.

A new competitive factor is the automobile which is as serious as the increased costs of operation. The privately-owned automobile and the motor truck appear to be as great a menace as the "jitney," operating street railways under present conditions is certainly beset with difficulties.

## READY FOR STERN MEASURES.

While the chase of a score of Mexican bandits by a troop of United States cavalry need not be taken as a condition of war or a prospect of war between this country and Mexico, movements of military units along the border show that the War Department is prepared to cope with any developments that may follow the present punitive expedition that started last week from Marfa, Texas. Adequate forces are stationed at the various army posts along the Rio Grande to meet any contingency produced either by the resistance of bandit gangs or the more charitably styled Carranza administration.

According to a statement by the War Department of ten days ago there were then about 60,000 troops massed along the border or within twenty-four hours' ride of the border. These forces are composed of eleven regiments of cavalry, seven regiments of infantry, six of field artillery, two of engineers, one machine gun battalion, fifteen airplane squadrons, nine balloon companies, one battalion of signal corps troops, seventeen pack trains and sixteen motor transport companies. In addition there is a requisite number of special and technical troops. Orders issued during the last few days have brought tank and additional airplane companies nearer the border, while a call for 15,000 recruits for border service indicates an intention to keep all the units at full war strength.

With this army of 60,000 troops under the command of that veteran of European service, Major General Joseph T. Dickman, as a nucleus the War Department is prepared to start any measures that may be deemed necessary to make Mexico a safe place for Americans. Should armed intervention and temporary occupation of a part or all of Mexico be determined upon as the last resource, adequate reinforcements could be assembled on the border within a week or ten days.

Therefore the future policy toward Mexico is solely a matter of decision by the government at Washington. Adequate physical force is available to carry out drastic measures if such measures are needed. So far the government has not admitted that armed invasion is the only and a sure cure for the Mexican situation; in fact, it has not adopted any policy but watchful waiting, which is not a policy at all but a careless Mexican-like attitude of waiting for something to turn up.

One thing is certain, however. A time limit has been reached to the conditions that have prevailed now for five years. The American government, although having recognized the administration of President Carranza, has assumed an equivocal pose toward its protégé. Ambassador Fletcher, who has been away from Mexico City for several weeks now, is acting as assistant to the Secretary of State, and it is no secret in Washington that the President and the State Department are loath to maintain a diplomatic representative of the rank of ambassador in Mexico until conditions have been materially improved. This will be offensive to Carranza and is almost certain to provoke him to angry retaliation. It is also a middle road which is worse than open friendship for and full support of Carranza. Surely we are not again to see inaugurated the policy of letting the different factions of Mexico fight among themselves for the privilege of exploiting the Mexican people and such foreigners as may be in Mexico.

## NO SHAME IN THRIFT.

When mother prepared the dumplings for her hungry family she did not follow any hard-and-fast recipe set down on a printed page, but supplied the ingredients as her long-trained judgment dictated. The same procedure held good in all of the activities of the home life, whether in preparing food for the table or the ordering of affairs for the comfort of the family. The later generation of mothers is faced very generally with different conditions. Mother probably had a maid. The maids now are busy in other lines of endeavor, and the young housewife of today has to use her brains and the experience she may gain from the example of others to keep the wheels of the home establishment in good running order.

In the days gone by the waste of good food from an overstocked larder or the pennilessly supplied table was looked upon as one of the incidents of housekeeping. Things have changed in this regard. The war brought a stern lesson when the government took charge of commodities and doled them out with sparing hand. The lesson was a hard one for some, but nevertheless an excellent one.

There is danger that many in these days when the pay envelope is coming home regularly with its comfortable filling, that many will forget. There is danger of an easy subsidence to old wasteful habits, with good food carried away by the city employees in the great carts along with the other material legitimately discarded. And this in spite of the increased price paid for the necessities of life. Citizens of the United States can well take example from the sage wisdom of European countries in this regard. The state of the housewife's purse should make no difference in the guarding against waste. In these days when so much time and attention are given to household problems by trained and educated men and women it should not be difficult for a housewife to obtain information to enable her to order her affairs so as to make good use of all material purchased for the household. To the thrifty soul it is gratifying to see the manner in which the modern educated woman takes hold of the new problems that come up under the changed conditions. It is to be devoutly hoped for that the same thrift will generally prevail and that good food will not be purchased only to be improperly and wastefully handled.—Seattle Times

# NOTES and COMMENT

The Chaplain of the House of Representatives reports restraint of religious liberty in the objection to the invocation of the League of Nations in his invocations. Evidently it is not the invocation of the League of Nations that the measure needs all the help that can be mustered. The House is Republican, but the chaplain is an appointee of the administration. Hence their diverse views on appeals to Omnipotence.

Tacoma establishes a free curb market. There are advantages in such huckstering, though it is to be changed into account that times have changed since "the good old days." What would be considered huckstering now in a street would have passed without objection when the roadways were not improved in a manner that requires their being swept like a parlor. And the average person has not kept pace with this progress. He is inclined still to throw things in the street.

This from the Boston Transcript will be good news to wine grape growers: "The present crop of California wine grapes is selling at the highest average price ever known. Which indicates that with all the hard-kick drinks gone forever, grape juice will be considered the most nifty and miscellaneous beverage that may be obtained hereafter." At last accounts growers of wine grapes were uncertain how they were coming out with their product.

Let us hope that that adage, "What goes up must come down," is still true, and that it applies to the cost of living.

That the former kaiser conspired with Carranza on the subject of invading and capturing the United States is not surprising. Our insight as to their characters should prepare us for anything, but this discovery is not germane to that which is in hand now as to Mexico, or that which is shortly to be in hand as to the kaiser.

Magistrates in different parts of the country are rendering decisions that it is no crime to steal booze, because booze has no legal status. From which it will follow that those who have been foisted upon their fellow citizens will have to make their own way out of their personal matters. They will not be safeguarded by the majesty of the law.

The care with which robbers are referred to even after they have been caught and red-handed is illustrated in a recent account. "After a chase of four hours over roof tops early yesterday morning the police captured seven men who are alleged to have participated in the robbery and shooting that occurred in the 'Pewee' Social Club." etc. Appearances are so much against the seven that it would seem to be perfectly safe to stigmatize them.

The practical joker is in evidence again, this time in the unusual stunt of handcuffing a bride. The groom had to fight to keep from the joke being repeated by handcuffing the newlyweds together. Some people are awful funny.

The stand Boston Transcript turns sarcastic: "Notwithstanding the New York milk wagon drivers are planning to strike for \$50 a week, a six-hour day, two per cent commission on all sales, and a half for overtime and double time for overtime on Sundays, there is still a flickering hope of getting milk to sick babies so long as the cows do not go on strike for a peck of carrots, six heads of cabbage, a hayfork of forget-me-nots and five gallons of Florida water each per diem."

Why the fans are so overjoyed when a foul tip caroms on the umpire and he hops about in pain, yet are so sympathetic when it ricochets on the catcher's unmitigated hand and he waves it in distress, has never yet been satisfactorily explained. The umpire, however, is doing the humane thing, and anyhow, he is a human being and has feelings.

## SPIRIT OF THE STATE PRESS

Oh, just and honorable judge! He lives in Oakland and he has decided in the superior court that "a man has a right to shoot his neighbor's dog if the dog barks and keeps him awake." Maybe owners of canines in other towns will sit up and take notice of this ruling even if they don't wake up to notice the racket made by the dogs.—Stockton Record.

We hear a good deal about the high cost of living, but some of the funniest crows of this valley and probably elsewhere would like to hear something about the high cost of middlemen.—San Jose Mercury-Herald.

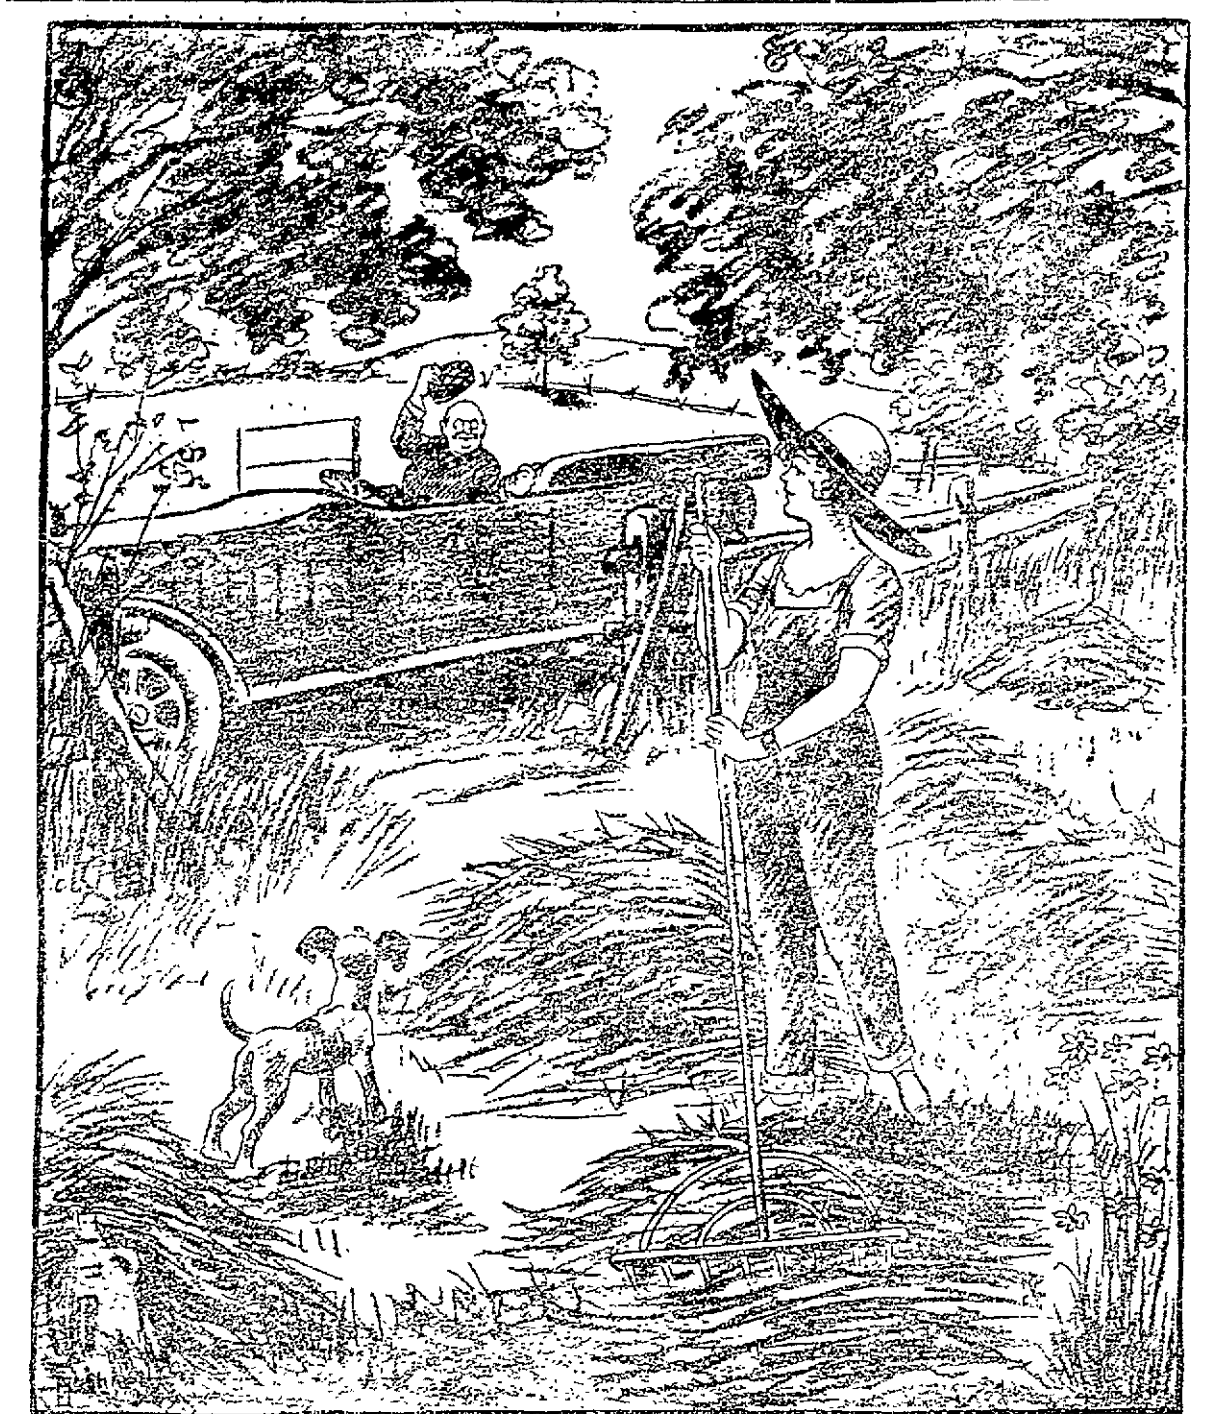

The masses of the country generally, and probably particularly the women, will be glad to know the Daylight Saving Act has been repealed, to go into effect in October. Whatever of benefit there was in this measure originally during the war times as a suggested plan for saving fuel, there seems no reasonable argument for its continuance now.—Sacramento Bee.

## TODAY 20 YEARS AGO

Two hundred and fifty thousand people enter San Francisco to join in great electric parade and reception to returned California veterans of the Spanish-American war. It is announced that J. W. Dickie, former superintendent of the shipbuilding department of the Fulton Iron Works, has leased property on the Alameda side of the estuary and will start a shipbuilding establishment.

Comment is made that women are practically barred from government service in the departments in Washington and that whenever an appointment is made to a department head asks for a man, the right to discriminate between the sexes being recognized by civil service regulation.

## A MODERN VERSION OF MAUD MULLER AND THE JUDGE

## PETRA--A SHRINE

"Though Turkey will be dismembered and pushed out of Europe, the Ottoman Empire probably will continue in control of some of the sacred shrines and most precious history spots of Asia," says a bulletin from the National Geographic Society.

"For example, there is the Rock City of Petra, known as the 'safe deposit' of caravans on route with precious wares to Tyre and Sidon, which also contains 'Thebes of the Desert'."

The bulletin quotes from a communication by Franklin E. Hoskins describing Petra as follows:

"The highlands east of the Jordan river are strewn with ruins marking the rise and fall of successive civilizations—Semitic, Greek, Roman, Christian, Mohammedan and Crusader. These ruins have been preserved for the modern explorer by the sides of nomadic life, which have swept up from the Arabian desert, but at the southern end of this human land, deep in the mountains of Edom, lies one of the strangest, most beautiful and most enigmatical spots upon this earth—the Rock City of Petra. Its story carries us back to the dawn of human history."

"In the days of the Sabatheans, Petra became the central point to which the caravans from the interior of Arabia, Persia and India came laden with all the precious commodities of the East, and from which these commodities were distributed through Egypt, Palestine, Syria and all the countries bordering on the Mediterranean, for even Tyre and Sidon derived many of their precious wares and dyes from Petra."

"The rock city was always to these regions and peoples what Rome was to the Romans and Jerusalem to the Jews. Horites, Edomites, Nabatheans and Romans have all rejoiced and boasted in the possession of this unique stronghold and most remarkable city of antiquity."

"The entrance to the rock city is the most striking gateway to any city on our planet. It is a narrow rift or defile, bisecting a mountain of many-hued sandstone, winding through the

# HEALTH and HAPPINESS

"Soft Drinks" Sometimes Ve  
Rich in Real Food Value

By DR. LEONARD K. HIRSHBERG  
A. B. M. A. M. D.  
(Johas Hopkins University.)

There need be no "sweets" to sweeten farwell! In Rome's delectable from strong drink, for there is a good therapeutic "kick" as well as much food for the human fabric certain effervescent remedies.

Not many of the millions of "soft drinks" give a thought to the element of their beverages, their value and the effect of their use and stamina. Well, some contain things, some another, but all contain water, flavor, sweetening and carbon dioxide gas. These four things are the basic essentials of a drink. There is likely to be so coloring matter, and there may be an acid—usually either citric or found in lemons, or tartaric or malic, sometimes mineral acids used. Frequently there is a content, such as red pepper, cinnamon, cloves or nutmeg. There is almost certainly a trace of alcohol and that just about covers what likely to be found in soft drinks. According to specialists in the bureau of chemistry, department of agriculture.

Food value in a soft drink is of nearly not considered by the user who consumes it, his object being the delectation of the palate or quenching of thirst, but the fact remains that good soft drinks do contain considerable food. Such products as ginger ale, phosphate grape drinks and lemon sours contain from three-quarters to one or one-half ounces of sugar to a half-pint bottle, which is equal to double approximately the sugar ration allowed to a meal under conditions.

The carbon dioxide gas that is present in all bottled soft drinks is a wholesome product, identical with the carbon dioxide, which occurs naturally in certain mineral springs in the United States, the waters of which are highly prized for their effervescent properties.

The quantity of any condiment in soft drink is likely to be very small. The alcohol contained is used as solvent for certain extracts of amounts to only a few tenths of percent by volume.

The bureau of chemistry says that where soft drinks are bottled on large scale the sanitary precautions are usually excellent, but that where they are manufactured in a way, immediate consumption conditions are sometimes deplorable. Syrup extracts are sometimes spilled or allowed to remain, attracting flies and other insects. Proper precautions in washing bottles are not always taken, and the water used in preparing the syrup and for filling the bottles is not always pure.

The sanitary quality of bottled soft drinks shipped in interstate commerce is subject to regulation under the Federal food and drug act, while that of those intended purely for local use is subject to local control by State or city officials. The quality of bottled soft drinks in a long run, the department says, depends largely upon the demand and the discriminating consumer.

It is estimated that the consumption of bottled soft drinks in the United States prior to war restrictions was about 3,000,000,000 bottles annually, or 30 bottles a year for every man, woman or child. The consumption is likely to increase with high-grade bottled soft drinks enable the dweller in rural communities to enjoy a product which a few years ago was obtainable only directly from fountains in towns and cities.

# FIESTA SPIRIT FILLS AIR AS BIG FLEET NEARS GOLDEN GATE

## Cities About the Bay Don Festal Garb for Week of Merry Making with Gobs

The carnival spirit already pervades the cities about the bay. The Pacific fleet has arrived at Santa Cruz and Monterey. Secretary of Navy Daniels is hurrying toward the California coast from the Isles of the Pacific. The great armada will steam through the Golden Gate on Monday morning at 11 o'clock or thereabouts, amid the cheers and huzzas of a million patriotic men and women gathered from all parts of the west to participate in the greatest demonstration which the coast has ever witnessed.

To make ready the monster festival, armies of workmen are busy putting in place the huge frames that will be used in trans-

forming mere streets into boulevards of streaming banners and garlands of flowers. The famous old Market street of San Francisco where the jockies will first parade is already in holiday dress. Red, white and blue pennant covers every electric light and railway standard and baskets of flowers fly feet across with floating bands of greenery mark intersections of streets. Six foot naval flags gush and swirl into aerial pyramids along the way honor the officers and men who will be the bay cities guests. Buildings are being decked with insignia of the navy, flags and bunting. At night every window will be thrown open to stream out the lights from business houses and homes which

the manner of the west in showing hospitality.

**PATRIOT SOCIETIES HELP.**

Patriotic societies which have served through the war have offered to duplicate their work and provide the same accommodations to the thousands who will throng the cities as they offered to the soldiers. Hotel bars will be made over into information bureaus with lounging places for the sailors and news that somewhere a home cooked dinner is waiting to be served them. Soft drinks and smokes will be provided. First aid stations and canteens will be provided by the American Red Cross. A fully equipped first aid hospital will be opened at Market and Taylor streets under Miss Julia Hinkel, head of the nursing service. Another station will be maintained at Pier 14 near the starting point of Tuesday's parade. From twenty to thirty truck loads of singers have been recruited by the War Camp Community Service who will give street programs for two hours on Tuesday afternoon. Cookies and soft drinks will be served service men at the Ferry canteen, Beale and Market streets, Grant avenue and Market street, Union Square and Taylor and Market streets. Mrs. Francis Cobb Hale is holding a meeting today whose purpose is the enlistment of women to conduct the booths.

The United States Government has detailed Captain Brady, U. S. Motor transport division, to report at Santa Cruz with something more than fifty convey vehicles of various types including motorcycles, side cars and various sizes of trucks, for participation in the land and aerial pa-

Berkeley dancing girls who will cut up for the gobs of the Pacific fleet. Top (left to right), MISS MABELLE WELSH, pinning a welcome button on MAYOR LOUIS BARTLETT. In the group, CECELIA RUBURN, JOAN LONDON, NORMA KILGAARDE, THELMA BULL, STEPHANIE DAMIANAKES. Inset is CECELIA RUBURN. Below, another picture of JOAN LONDON.

side which will parallel the water journey of the fleet from Monterey to San Francisco.

The California State Automobile Association is estimating that from 15,000 to 20,000 motor vehicles decorated in honor of the history-making event which is the first of its kind ever held in connection with a naval pageant, will follow the line. Landing fields at Davenport and Pescadero have been selected by Lieutenant Knuth, U. S. navy, for having in charge the flight of planes which will lead the line. Cities and towns along the course are preparing to welcome the land forces with elaborately staged demonstrations. The parade will be reviewed on State Boulevard near San Francisco city limits by a company of distinguished officials and prominent automobile men.

**MEERMAID LUNCHEON.**

A "Mermaid Luncheon" is a unique stunt which Oakland is arranging as one of the features of East Bay Cities Day on Wednesday, September 3. The greatest athletic event of Fleet Week has been captured by this city according to Chairman J. P. Chambers who returned yesterday from a conference with fleet officials at San Francisco. Hundreds of "gobs" will pour into Oakland to see the champions of the fleet matched up with champions from Yerba Buena and Goat Island and the exhibition boat of "Pac Larcus" (hundreds of boxes of luncheon will be on hand at Idora Park to make the event a boxing match de luxe. Between bouts gobs can step out,

be served by the bathing girls and return to the sport. Lake Merritt is to be resplendent with Japanese lanterns and colored lights. A coliseum will be erected at Fourteenth street and Broadway as a court of honor. Dancing and a regatta will draw the crowds to the shores of Lake Merritt. The naval ball at the municipal auditorium will conclude the festivities. Secretary Daniels will be entertained at luncheon at Hotel Oakland and be made the guest of honor at the brilliant dinner which the Oakland Chamber of Commerce is directing for the evening.

Berkeley has agreed that the sailors want to dance. Four dancers have been arranged in as many parts of town under the patronage of the committee of society women. Open house will be kept by Town and Gown Club and the Twentieth Century Club all day Wednesday, with

the service of tea and providing of automobiles for the men who desire to see Berkeley and its environs. Thursday night those who will participate in the community singing will meet in the auditorium of the Berkeley high school for rehearsal.

**ESTHETIC DANCING.**

The Greek Theater will be opened to the visitors between the hours of 8 and 9 p. m. where an especially prepared program of vaudeville will be offered. University Coeds will give an exhibition of esthetic dancing under the oaks in Faculty Glade. Miss Joan London, daughter of the late Jack London will be in the best of one hundred or more graceful dancers.

Free smokes for the "gobs" are assured on East Bay City Day. "When you buy a smoke for yourself buy one for a sailor," is the slogan which the fleet committee has adopted. Secretary Daniels will deliver a

the civic auditorium in San Francisco.

Amusing information may be obtained on 800 Market street where a bureau is being maintained for assistance to out of town visitors seeking hotels, apartments, rooms. Those having accommodations to offer have been invited to register in this free service.

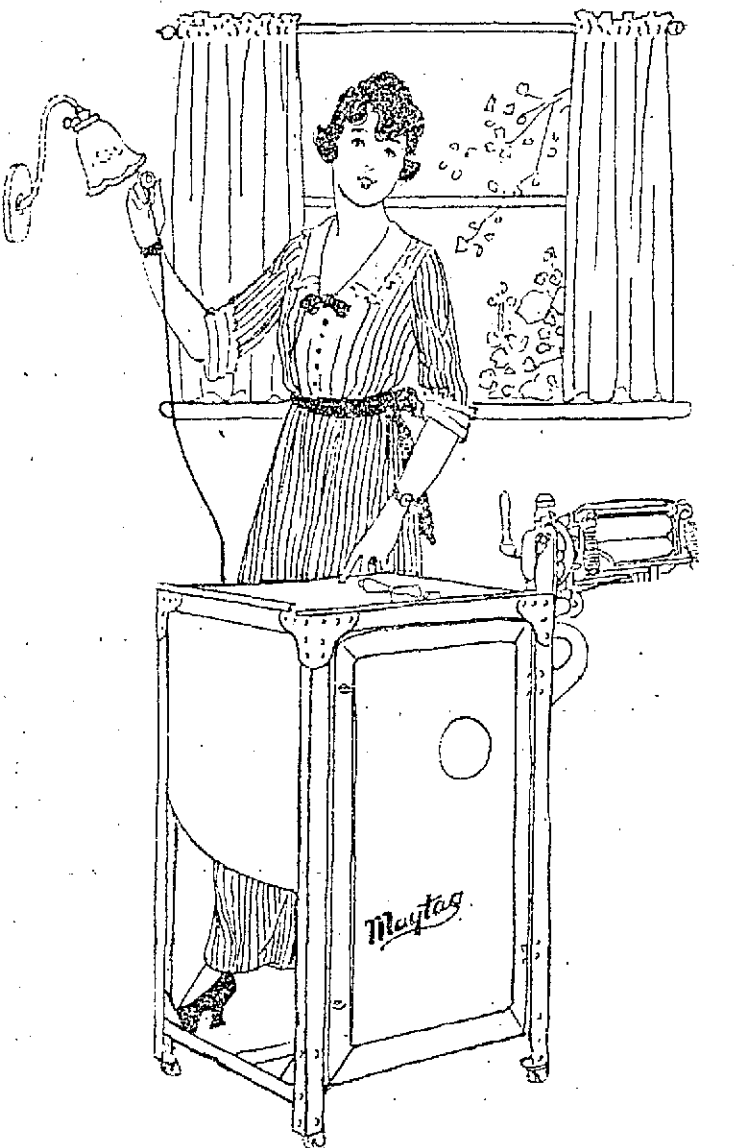

The baseball game between the navy and army will take place in Recreation Park on September 4. Seven championship boxing events will be staged in the Civic Auditorium as a part of the athletic program. The Olympic Club trophy offered in the cutter races, inaugurated an international event in which all the navies of the world will be at liberty to challenge the winners.

## Woman's Charge of Arson Dismissed

Police Judge George Samuels viewed lightly the charge of Mrs. Katy Banks, negro, 682 Sixty-first street, that William S. Richards, negro, attempted to start a bonfire or her house on Saturday. Richards was charged with disturbing the peace. The charge was the outgrowth of Richards' visiting the house of the Banks woman and being refused admittance to the house to see his daughter, he stole into the home later and started a fire in his daughter's room. Mrs. Banks arrived just in time to see Richards in his daughter's room. A corset was consumed by flames and a pile of the girl's wearing apparel was awaiting Richards' torch. The neighborhood was awakened with the loud screams of Mrs. Banks. A policeman arrived and Richards went to the city prison. The sanity of the alleged arsonist was questioned by the arresting officer and Richards was brought before Judge Samuels this morning. Next, round up meetings of the night which Richards was rational, after hearing the latter's story and releasing Richards.

## See the new MAY TAG Electric Washing Machine

—It has just arrived at Breuner's—the newest model in the nationally advertised Maytag washing machine. If you are interested in having your washing done from an electric light socket you should see this up-to-date electric washer demonstrated at Breuner's this week.

## "The Baby Grand of power washers"

—That's what the new Maytag is called, and when you see its noiseless operation, and examine its construction as well as its work you will understand why.

—The daintiest of clothing can be washed without damage in the new Maytag, and you'll notice no wear on ordinary clothes.

—The revolving cylinder is of solid cast aluminum, and the process causes the water to pass through the mesh of the material six times in each revolution.

—All gears are enclosed by the pearl gray enamel case, so that any possible danger is eliminated. The electric wringer swings in three different positions, and tilts to either side.

—This new type Maytag will last a lifetime. \$175  
It is priced at

May be had for  
\$10 DOWN

—If you prefer another style washing machine, or one at a lesser price, you'll find the Thor, Almetal and Johnson, as well as the dolly type Maytag being demonstrated here daily. They are also sold on our usual easy terms.

## Cowboy Screen Star to Be Featured at the American

**TOM MIX**, famous horseman and motion picture star, in a scene from his latest production, "Rough Riding Romance," which will be presented at the AMERICAN THEATER the last half of this week, commencing tomorrow matinee. If you observe the photograph closely, you will recognize the San Francisco street cars, as this scene was filmed on Market street near the Ferry building.

## Hazardous Stunts Are Performed with Graceful Agility in Whirlwind Western Drama.

Tom Mix, famous cowboy screen star who is conceded to be the most daring performer of hazardous stunts before the public today, comes to the American Theater for a four days' engagement commencing with the matinee tomorrow in his latest thriller, "Rough Riding Romance," a whirlwind western drama in which the fearless Mix executes with graceful agility, amazing feats of skill and strength that make his dare-devil deeds of the past look like the morning exercises of an ossified octogenarian. The success of Mix' newest photodrama is not, however, dependent upon the many stunts introduced during the action of the play. There is a rattling good plot, an absorbing romance and an abundance of delightful comedy. A second feature of the program will be Emmy Wehlen, the well-known Metro star in "A Favor to a Friend," a romantic drama in which a kidnapped girl falls in love with her abductor. A Pathe News Weekly, John Wharry Lewis and his orchestra and Edgar Raylins, organist, in interpretative musical numbers and special concert selections, will conclude the program.—Advertisement.

COOKING HELD  
BEST OF THE  
SUBLIME ARTS

By EDNA B. KINARD

"Food is an adventure, cookery a romance," declares Miss Florence M. La Ganke, who has come from the faculty of Teachers' College, Columbia University, to direct the department of home economics in the Oakland public schools and to demonstrate to students the difference between cookery, an art and cooking, a drudgery.

## TEACHES AT COLUMBIA

Miss La Ganke was a student in Pratt Institute and at Teachers' College, Columbia University, where she was later, for two years, instructor in the summer session, and afterward instructor during the full college year. It is directly from New York that Miss La Ganke has come to the west to instill some of her principles into the minds of public school children. For two years she served St. Luke's hospital in Cleveland, Ohio, as dietitian. Besides, she has been director of the Horace Mann cafeteria, director of Whitaker hall, of Haydon Hall cafeteria, director of Flora Mather House, of Columbia Tea room, and an instructor in household administration. For five years Miss La Ganke was purchasing agent for the department at Western Reserve University in Cleveland, Ohio. She and Dr. Richard E. Rorty, who recently came from Cleveland, Ohio, to assume direction of Alameda county health center, were professionally associated in the east, and in their work in the Oakland school department will again be together.

"I'd rather make a new sauce than conquer a kingdom," smiles Miss La Ganke. "I feel something like that myself. There is inspiration in being able to connect. Californians are not so backward at it as that," she remarked the food expert.

"Last night I ate a baked squash in a canteen at a Marjorie Rambeau. In the east we had never dared think of that, but it really was rather good despite its sound. The dish was baked all together. The meat tasted like baked squash only more moist and softer. The chef had ventured and discovered. He was a cook."

"Cooking links up with literature, science, history, tradition," she said. "In boiling a potato makes the difference," she adds, "of the newness of the process to abolish the drudgery in the three square meals of a day."

"Sewing is not running a seam, or fluffing a ruffle. The seam may be run and the ruffle fluffed, but it is purely incidental. Sewing, according to Miss La Ganke, includes the whole industrial field of fair hours, fair play, the principles of the Consumers' League. It has something to do with the psychology of being beautiful and charming and means the appliance of line and design and the selection of the becoming gown or hat."

"Lunch rooms are to be emphasized under the regime of the eastern expert, with hot, well prepared and selected meals for the students at reasonable prices."

"Malaria does not belong among the poor any more than the rich," declares Miss La Ganke. "School feeding is an important feature of the home economic department in the public schools. Children from rich families are victims of food in its selection as frequently as children from poor families from its lack."

"Brunch" is a new word coined to express the mid-morning and mid-afternoon meal which child welfare experts are urging be installed in public schools throughout the nation to meet the astonishing spread of malnutrition among school children. Miss La Ganke is not unduly of its importance in Oakland.

"Vocational home-making" holds a secret which the new director is not ready to impart. Whatever it is, it will swing emphasis to the old-fashioned art of home-making in a new fashion. It has nothing whatever to do with matrimony. Miss La Ganke assures the curious.

"Captain George Jette, recently an army officer, and well known Oaklander, has been named assistant superintendent of physical education to succeed J. H. Nash, who has become superintendent of the Oakland playgrounds. Jette is a University of California graduate and a winner of the Distinguished Service Cross."

"Malaria does not belong among the poor any more than the rich," declares Miss La Ganke. "School feeding is an important feature of the home economic department in the public schools. All Residents Asked  
To Become Students

To make every resident of Alameda county, able to read or write, a student at the University of California extension schools, has become the ambition of educational officials here. Registration for many classes is now proceeding at the University of California extension schools, which are held in various parts of the county. The classes are held in the evenings and on Saturdays. The subjects include English, history, science, and other subjects. The classes are held in the evenings and on Saturdays. The subjects include English, history, science, and other subjects.

"I have obtained four copies of the record of any case at the hospital," writes Hopewell in his complaint, "and all differ. None of them tells me how I got hurt or the men that carried me to the hospital. The police records say 'Police ambulance, the other two say 'Police. Even the doctor at the emergency hospital would not tell me his name. I explained it to Dr. E. F. Jones at the hospital of health and he told me I ought to be glad I was alive."

The hospital attendants say that their understanding was that the man was found unconscious on the street, that he had evidently been run down by a passing auto or else attacked; that there was no time to ask questions, as the man was in a dying condition at the time and treatment had to be rendered at once to save his life. In short, there was nothing irregular about the case."

SEEKS RECORD  
THAT REFUTES  
THEFT CHARGE

Lack of police records is being investigated today by Chief of Police J. P. Lynch in connection with the charge of Benjamin H. Hopewell of Pacific Grove that he was robbed of a considerable sum of money.

Hopewell was brought to the receiving hospital October 9, 1918, unconscious from depression of the skull caused by a blow. Trepanning was necessary to save his life.

On his recovery he charged that a considerable sum of money had been removed from his pockets. The charges also that the hospital attendants refused to tell him when he was brought in, who he was, and who treated him. The hospital report states that he was brought in by "the police," but does not list the officer who brought the patient. At police headquarters there is no record of such a case, although all "hospital runs" are supposed to be filed and kept in a report system devised for that purpose. No one in the desk sergeant's office, where these reports are prepared, is able to cast any light on the matter.

Investigation at the hospital showed that the man was treated by Drs. W. H. Irwin and G. A. Reine, Steward J. H. Davidson, Newell, and Dr. O. D. Hamilton, chief surgeon.

"I have obtained four copies of the record of any case at the hospital," writes Hopewell in his complaint, "and all differ. None of them tells me how I got hurt or the men that carried me to the hospital. The police records say 'Police ambulance, the other two say 'Police. Even the doctor at the emergency hospital would not tell me his name. I explained it to Dr. E. F. Jones at the hospital of health and he told me I ought to be glad I was alive."

The hospital attendants say that their understanding was that the man was found unconscious on the street, that he had evidently been run down by a passing auto or else attacked; that there was no time to ask questions, as the man was in a dying condition at the time and treatment had to be rendered at once to save his life. In short, there was nothing irregular about the case."

Merrill Demands  
Personal Liberty  
of Ancient Rome

BERKELEY, Aug. 26.—The people of ancient Rome were more considerate of their neighbors' rights than are the people of the present day, according to Professor W. A. Merrill of the University of California.

"The people of the present time," said Professor Merrill, "are only too willing to join what might be termed 'a league to make virtue odious' and bring about legislation at the expense of their neighbors' rights."

Professor Merrill contrasted present day laws with the ancient rule of the Romans—"let every man have his own rights"—and stated that present day people would think nothing of passing a law which would prevent college girls from wearing high-heeled shoes or similar laws which he maintains are replacing personal liberty.

SISKIYOU FIRE  
RAZES HOUSES,  
SICK RESORT

SAN FRANCISCO, Aug. 26.—Forest fires near Siskiyou county have destroyed Siskiyou county summer resort and sanatorium, forcing the removal of a number of patients to Dunsmuir, ten miles away. The United States forest service announced here today that all of the buildings on the Perry ranch, near the springs, were wiped out. It was reported.

The fire was said to have been under control after burning over 8000 acres.

Further reports were being awaited today on a fire in the Plumas national forest, Plumas county. The latest reports were that unchecked crown fires there were doing great damage to timber.

NEW YORK, Aug. 26.—General strike orders affecting stage hands all over the United States may be issued soon in sympathy with the strike of the Actors' Equity Association, which has closed 24 theaters here, today.

Justice Peter A. Hendrick announced that Wednesday afternoon he would sign an injunction restraining the Actors' Equity Association and its members from interfering with the reopening of theaters in this city, closed by the actors' strike.

Justice Hendrick announced his determination to issue the injunction after a long conference with counsel representing the Producing Managers' Association and individual members of the industry, the proceedings after their houses had been closed by the strike, as well as the attorneys for the equity association.

HOW TO STOP  
BEING NERVOUS

Nothing Like Plain Bitter-Phosphate to Strengthen Weak Nerves and Increase Strength and Vigor.

According to a noted French Scientist, the most effective remedy for nervousness, insomnia and ailments due to depleted nerve force, is a form of organic phosphate known among druggists in this country as Bitter-Phosphate.

It is described as a substance which is similar in composition to the phosphorus naturally found in brain and nerve cells and being easily and quickly assimilated, it immediately creates nerve force, strength and vigor begins immediately it is taken into the human system.

There are many reports of astonishing results from its use, some showing remarkable improvement even in stubborn cases of long standing nerve weakness. As there are many kinds of phosphate, the one to be used is the one which should be exercised to procure the genuine Bitter-Phosphate as sold by The Owl Brand in Oakland and all good druggists. GASOLINE 'JOB'  
HERE LAID TO  
CLUB BANDITS

The Oakland police force will be the nemesis of Charles Pedersen, Ed Carr and Max Harris, three of the bandits captured in San Francisco after the holdup at the Powell gambling club. Warrants were issued in the hands of Captain of Inspectors Pedersen today, charging the trio with the "gasoline station holdups" in Oakland. When the men have completed their sentences for the San Francisco affair, whether it be one or ten years, the Oakland police will be waiting at the prison gates to rearrest them. Carr is further accused of being the lookout in the recent holdup of a Chinese gambling place in Alameda.

A silver desert spoon and a butter knife found in the possession of the gang has brought to light the details of an assault upon Father J. A. Lally, pastor of St. Louis church on the San Leandro road last February. While the priest was ill with influenza, three bandits, pretending a desire to consult him about a funeral, entered the parsonage, beat him to unconsciousness as he lay helpless and ransacked the place. At the time Father Lally made no report, but last night after the spoon, butter knife and the knife were found, a complete report of the circumstance to Police Inspector Fenton P. Thompson. Efforts will be made to have the priest identify which of the men assaulted him.

The San Francisco police have decided to hold all the bandits on their home charges.

LATEST STYLES  
IN FURS SHOWN  
IN KINEMA FILM

As furs have never been so popular an item of dress, and fashion has never been so lavish in their use, the Tribune-Kinema Weekly now being shown daily at the Kinema theater, presents some of the newest designs, and most exclusive creations in luxurious pelts for winter wear. Among the pieces which are displayed by stunning models are a leopard "Dobby coat," a heavy fur-trimmed, worn with a beaver hat; a Hudson seal dolman; a wrap of tawny Siberian squirrel and a capstall of luxurious skunk.

Another number of special interest to Oakland women is a complete explanation of the science of science applied to the problem of soiled clothes. Other items are: The first post-war retention of B battery, the 14th field artillery; the mid-week concert at the Moore shipyard; and the children's pageant at De Fremery park.

GLEE CLUB TO MEET.  
The Moore Glee Club will hold its regular meeting tomorrow evening at 8 o'clock in Chabot hall, Eleventh and Jefferson streets. A social evening will follow the program. New members will be enrolled early in the evening.
